Attorney General Adam Laxalt has used his official position to block information from the public in order to give an unfair and unethical advantage to his political campaign and his political allies. His office has delayed responding to public records requests regarding his record as attorney general while providing the same information to his campaign almost immediately.

The Nevada State Democratic Party filed requests for the full schedule of the Nevada Attorney General since January 2015 and the full schedule of First Assistant Attorney General Wes Duncan from November 2014 through September 2017. These requests were respectively filed on January 5 and April 16, 2018. The Office of Attorney General acknowledged each request exactly a week later, after the maximum amount of time allowed under Nevada law [NRS 239.0107(1)]. For each request, the Office of Attorney General stated it intended to respond exactly six months later, providing estimates of July 12 and October 23 for the response to the respective requests. The office responded to the January 5th request for the Attorney General's schedule on June 25 and has yet to respond to the April request for the full schedule of First Assistant Attorney General Wes Duncan.

On August 8, a representative of Laxalt's political campaign for governor requested a copy of the Attorney General's 2015 calendar. Laxalt's public office responded to the request the same day and informed his campaign that the requested documents were in the mail. On August 30, a representative of Laxalt's political campaign requested copies "of all records related to Sheriff Antinoro or the investigation into Sheriff Antinoro—specifically any records provided to members of the press regarding Sheriff Antinoro or the investigation into Sheriff Antinoro." The next day, Laxalt's public office responded, informing his campaign "The responsive non-privileged documents are included with this communication."

On September 12th and 13th, the Nevada State Democratic Party requested copies of the acknowledgement of the request for records sent by the Laxalt campaign in August 2018. After waiting the maximum amount of time allowable under Nevada law, the Office of Attorney General responded. The response included the requested communications along with a note that "included with this response is a previously submitted request for records, which is relevant to this request." The supposedly previously submitted request was dated March 22 and signed by a Laxalt campaign representative, requesting "All public records requests made to the Attorney General's Office from June 1, 2017 to the date of this letter" and "to receive copies of any additional public records requests and responses made after the date of this letter through November 5." However, on June 8, the Nevada State Democratic Party requested "copies of any and all public records in your custody or control, or that can be compiled by virtue of or with reference to records in your custody or control, reflecting public records requests received by the Attorney General's office in the months of March and May 2018." The Office of Attorney General's 105 page response did not include any communications with the Laxalt campaign, indicating that the request was either withheld for the personal benefit of Adam Laxalt or fabricated to justify the disparity in response times.

Subject: Nevada Open Records Act Request

Importance: High

Copied and pasted below is a Nevada Open Records Act request from E&E News. Please confirm receipt of this email. Thank you for your help.

To Whom It May Concern:

This is a request under the **Nevada Open Records Act § 239 et seq.**

I request communication records exchanged between any employee of and/or any individual affiliated with the Office of Nevada Attorney General Adam Paul Laxalt and any employee of and/or any individual affiliated with the U.S. Environmental Protection Agency regarding the process, planning and/or criteria in preparation for the Feb. 6, 2018 meeting with U.S. EPA Administrator Scott Pruitt.

In addition, I request communications records related to any invitation extended to any person, organization or entity outside the U.S. EPA and the Office of Nevada Attorney General Adam Paul Laxalt to attend the Feb. 6, 2018 meeting with U.S. EPA Administrator Pruitt, which includes but is not limited to any records of the invited parties' responses. I also request any records related to decisions or discussions concerning any person, organization or entity outside and the Office of Nevada Attorney General Adam Paul Laxalt that were not invited to said meeting, only insofar as the records concern whether to extend invitations or reasons why invitations were not extended.

Please consider any emails, letters, memorandums, text messages, voice and video recordings as well as other documented forms of communication as responsive records to my request.

I prefer to receive the response to this request in electronic form. If the response to this request exceeds more than 15 megabytes, please contact me in order to arrange another form of delivery other than email.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25.00. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of U.S. EPA Administrator Pruitt's meetings considering I'm a reporter for E&E News and these records will be used for news-gathering purposes. This information is not being sought for commercial purposes.

If access to the records I am requesting will take longer than a "reasonable" amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Dear Public Records Coordinator,

Under the Nevada Open Records Act § 239 et seq., I am requesting an opportunity to inspect or obtain copies of public records of an investigation conducted by the Nevada pharmacy board/ the board's MDEG advisory committee since Dec. 14, 2017 into CPAP devices sold on Amazon's website without a prescription, along with

any other records related to the investigation and any correspondence between board members and board members and Amazon.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding, as I am a member of the news media and my request is related to news gathering purposes. This information is not being sought for commercial purposes.

If access to the records I am requesting will take longer than a 'reasonable' amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Sincerely,

Hello again.

The State of Nevada State Contractor's Board stated in a letter that need the investigative report for the 2/18/15 arrest. I did not know what that meant until RPD explained it would most likely be with your office since they did not know. There is no report number or any other information other than what the letter states. It would be for Richard Jeffrey Lowden or Jeffrey Lowden. Date of birth is 06/29/1965. His now ex-wife that might be in the report is Janice (Jay Jay) Lowden.

If you have any further questions, please feel free to contact me via email or the office.

Hello.

My name is Korena Forster and I am looking for a record for my employer. The State of Nevada contractor's Board is requesting it. The Investigative case would be dated for 2-18-15. The name on the case would be Jeffrey Lowden or Richard Jeffrey Lowden.

If someone could contact me on the instructions on how to obtain that and the cost so it can expedited quickly, that would be greatly appreciated.

In response to my January 31, 2018 public records request, today I was provided with a “HR Data Warehouse” 2017 Employee Year-to-Date summary for First Assistant Attorney General Wes Duncan.

Under the Nevada Open Records Act § 239 et seq., I write to request the “HR Data Warehouse” 2017 Timesheet List for First Assistant Attorney General Wes Duncan.

Pursuant to Section 239.0107(1) of the Nevada Revised Statutes, the records I am requesting should be made available to me no later than five business days from the date you receive this request. If accessing and reproducing the records take longer than five business days, please contact me with information about when I might expect copies or the ability to inspect the requested records. The Nevada Attorney General's Office is in receipt of your request for records regarding Deanna Marie Emmons. This office does not have the information you are seeking. The Attorney General's Office would only have records on this individual if she was involved in an investigation by, or lawsuit with, this office.

You may be able to find traffic records by contacting the Nevada Department of Motor Vehicles, *dmv.nv.com*; you might need to contact the agency issuing any ticket, i.e., city police departments or county sheriffs. DMV should be able to tell you if that is the case. The Nevada Department of Public Safety oversees the Nevada Criminal Records Repository: *dps.nv.gov*. Please note however, that generally criminal records are not public. You will likely need the permission of the individual being searched.

Thank you.

Responsive documents should include, but are not limited to, any and all email, telephone and text records.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25.00. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public’s understanding of the operations of the Nevada Attorney General’s Office. This information is not being sought for commercial purposes.

In the interest of both time and cost, please respond to this request by e-mail. If access to the records I am requesting will take longer than a “reasonable” amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

On April 10, the Attorney General's Office received a records request from John Treanor for "information on all petitions, appeals, and briefs the Attorney General has signed onto in courts outside Nevada. Case numbers, plaintiff and defendant info, which court they are filed in and estimated cost of the filing and continued representation are requested where applicable."

Under the Nevada Open Records Act § 239 et seq., I write to request all the petitions, appeals, and briefs Attorney General Adam Laxalt has signed onto in courts outside Nevada along with case numbers, the plaintiff, the defendant and the court they were filed in.

At the very latest, this information should be released to me on the same date which it is released to Mr. Treanor since it is the same request except I am not seeking the estimated cost of the filings and continued representation. It would be reasonable to expect this more narrow request to be fulfilled more quickly.

I am requesting a waiver of all fees because this search is already being done regardless and, separately, because the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the operations of the Nevada Attorney General's Office. This information is not being sought for commercial purposes.

In the interest of both time and cost, please respond to this request by e-mail. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Fee Waiver Request

Western Values Project requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

Western Values Project requests a waiver of fees because disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of government operations and is not "primarily in the commercial interest of the requester. The disclosure of the information sought under this request will document and reveal the operations of the government, including how public funds are spent and how officials conduct the public's business.

This request is primarily and fundamentally for non-commercial purposes. As a project

of a 501(c)(3) organization, Western Values Project does not have a commercial purpose and the release of the information requested is not in Western Values Project's financial interest. Western Values Project's mission is to give a voice to Western values in the national conversation about resource development and public lands conservation, a space too often dominated by industry lobbyists and their government allies. Western Values Project will use the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. Western Values Project will also make materials it gathers available on our public website

<http://www.westernvaluesproject.org/>.

Accordingly, Western Values Project qualifies for a fee waiver.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. If any documents are withheld based on the Agency's interpretation of any exemption, we request that you provide an index of those documents as required under *Vaughn v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973), *cert. denied*, 415 U.S. 977 (1974). Specifically, this *Vaughn* index should describe withheld documents with enough specificity as to determine whether the material is exempt under the act and must describe each document or portion withheld.

Thank you for your assistance.
