Caucus Day:

- Strip Caucuses

The Nevada State Democratic Party is committed to increasing voter access to the Democratic caucuses on **February 22, 2020**, and has developed an aggressive plan to

NEVADA STATE DELEGATE SELECTION PLAN SUBJECT TO REVISION

promote and engage its diverse population to attend the Caucuses. A significant portion of Nevada's population consists of shift workers largely employed in Clark County on a 7 day per week 24-hour shift rotation. There is also a strong tradition in Clark County of facilitating the participation of shift workers in our unique "24/7" economy. Such accommodations have historically included "non-traditional" times and locations for polling sites easily accessible to shift workers. In planning the Caucuses, it is important to recognize the inherent difficulty for a shift worker to get back to their home precinct in order to participate in their Caucus.

In 2008, working with Labor and management, the NSDP identified and developed At-Large Strip Caucus sites to accommodate the thousands of Caucus-goers working Saturday shifts.

Strip caucus precincts must meet a stringent requirement of having 4,000 or more shift workers per site who could not otherwise take the time off to go to their home precincts. Currently, Clark County is the only county in Nevada which meets this threshold of optimum concentration.

- The strip caucuses will be held on **Saturday, February 22, 2020.**
 - Same-day registration will be available for strip caucus participants.
 - Early voters and virtual caucus attendees will be prohibited from participating in strip caucuses.
 - Strip caucus participants will fill out a presidential preference card and have the opportunity for realignment if their first preference choice does not meet the viability threshold.
 - The results of the strip caucuses do not determine the apportionment or selection of at-large delegates.
- Traditional Caucus Day
 - The precinct caucuses will be held on **Saturday, February 22, 2020.**
 - Same-day registration will be available for caucus participants.
 - Early voters and virtual caucus attendees will be prohibited from participating in precinct caucuses.
 - Precinct caucus participants' will fill out a presidential preference card and have the opportunity for realignment if their first preference choice does not meet the viability threshold.
 - Precinct caucus participants must participate at the caucus location assigned to the precinct in which they reside.
- Determining Viability Threshold

The Nevada State Democratic Party will load raw early vote & virtual caucus totals by candidate for each precinct using a secure tabulation method. Data will not be visible externally and no tabulation will occur before February 18, 2020.

- For precincts electing **2 delegates**, viability shall be twenty-five percent (25%) of the eligible caucus attendees present and expressing presidential preference, plus the raw number of early and virtual caucus participants from the precinct.
- For precincts electing **3 delegates**, viability shall be one-sixth (1/6) of the eligible caucus attendees present and expressing presidential preference, plus the raw number of early and virtual caucus participants from the precinct.
- For precincts electing **4 or more delegates**, viability shall be fifteen percent (15%) of the eligible caucus attendees present and expressing presidential preference, plus the raw number of early and virtual caucus participants from the precinct.
- Upon the conclusion of the announcement of results from the initial alignment, if and only if there are any non-viable preference groups, the eligible caucus attendees in those groups will have up to another fifteen (15) minutes to realign with a viable group. Early vote and virtual caucus results for non-viable groups will be aligned with their next viable preference(s). This process is the second alignment.
- Following the second alignment—or first alignment, (in the event that no preference groups are non-viable)—the permanent chair will allocate precinct delegates for the precinct to the viable preference groups using the following formula:

$$\frac{(\# \text{ of members within a presidential preference group}) \times (\# \text{ of delegates elected from that precinct caucus})}{(\text{Total number of eligible precinct caucus participants})}$$

The Result Of This Formula Shall Be Rounded Up At .5, And Rounded Down Below .5.

- Due to rounding, it is possible to apportion more or fewer delegates than the caucus is required to elect. In these cases, a group or groups may gain or lose a delegate depending upon the fractions that result when determining their share of delegates. A group may never lose its only delegate.
 - These results will be determined at the caucus by the permanent chair using a secure tabulation method. These results will then be reported electronically or by telephone to the Nevada State Democratic Party.
- Delegate Selection

**NEVADA STATE DELEGATE SELECTION PLAN
SUBJECT TO REVISION**

- To fill the delegate positions awarded to each preference group, eligible participants shall elect by a show of hands, within that preference group, those delegates to county conventions for any person nominated to run as a delegate.
- Delegates can self-nominate or be nominated by another person.
- Virtual and early vote participants who declare their intent to run as delegates to the county convention will be considered at their precinct on caucus day.
- A potential delegate to the county convention does not need to be present to be nominated and elected as a delegate so long as that person is a registered Democrat residing within that precinct.
- In order to run for a national delegate position, a person must be elected as a delegate at all three levels of the three-tiered system (precinct caucus, county convention, state convention) as well as attend each level; therefore, any person elected as a delegate without having attended a precinct caucus, virtual caucus or having early voted, will be ineligible to run for any national delegate position.

Section III: Selection of Delegates and Alternates

A. District-Level Delegates and Alternates

1. Nevada is allocated 23 district-level delegates and 2 district-level alternates. Per Reg. 4.31 Nevada has chosen to split its alternate delegates between District-level and At-large. (Rule 8.C, Call I.B, I.I, Appendix B & Reg. 4.31)

District-level delegates and alternates shall be elected through a proportional representation system based on a three-tier caucus system with the first determining step occurring on **February 22, 2020** at precinct meetings in each county of Nevada at locations determined by the State Party. (Rules 11.A & 13.A)
3. If a Nevada Democrat would like to be a delegate to the national convention, they must participate on Caucus Day (February 22, 2020), or participate in either the virtual caucus or early vote period, and attend their County Convention, and the Nevada State Democratic Party State Convention.
4. Two virtual caucuses will be held to express presidential preference. Participants in the virtual caucuses must be a registered Democrat by **November 30, 2019**, and pre-register for the virtual caucuses with the Nevada State Democratic Party between **January 1, 2020, at 9:00 am and January 15, 2020 at 5:00 pm**. Registrants must provide information to ensure security of those who participate. Those who register

- for the virtual caucus will be able to participate in either one of the virtual caucus times offered, but after successfully participating will be prohibited from participating in their in-person precinct caucus and prohibited from early voting. In order to run for a national delegate position, a person must be elected as a delegate at all three levels of the three-tiered system (precinct caucus, county convention, state convention) as well as attend each level; therefore, any person elected as a delegate without having attended a precinct caucus, virtual caucus or having early voted, will be ineligible to run for any national delegate position.
5. The two virtual caucuses will be held on **Sunday, February 16, 2020** and Monday, **February 17, 2020**. The virtual caucuses will be conducted by a secure tabulation service that will instruct participants to select their presidential preference choices. Virtual caucus participants will express their preferences electronically.
 6. The expression of presidential caucuses shall not begin earlier than the time published as that virtual caucus's start time.
 7. Virtual caucus participant totals will be combined with early vote and precinct caucus participant totals to determine the precinct viability threshold on caucus day. If a virtual participant's first choice is not viable, their next choice(s) will be honored via a secure tabulation process on caucus day.
 8. Four additional early voting days will be held for individuals to express their presidential preference. Those wishing to participate in early voting must be registered Democrats and will have the opportunity to same day register as such. Registered Democrats and those who choose same day registration may participate in any one of the early voting days and will be prohibited from participating in subsequent voting days and their in-person precinct caucus or virtual caucus.
 9. The four early voting days will be held on **Saturday, February 15, 2020, Sunday, February 16, 2020, Monday, February 17, 2020, and Tuesday, February 18, 2020**. The early voting locations and times will be determined by the Nevada State Democratic Party by **October 1, 2019**.
 10. Early voting participants will arrive at locations and fill out a presidential preference card indicating their presidential preference. After submitting their preference, they can leave.
 11. The results of early voting participant totals will be combined with the virtual caucus participant and precinct caucus participant totals to determine the viability threshold on caucus day. If an early voter's first choice is not viable, their next choice(s) will be honored via a secure tabulation process.

12. The **February 22, 2020** presidential preference caucus will open its doors for registration at **10:00 a.m.** so that each caucus may be run efficiently and participants' time respected. Caucus registration shall remain open until **12:00 p.m.** The precinct caucus will be called to order by its Temporary Chair by **12:30 p.m.** At that time the Temporary Chair will announce the caucus rules and read greetings from the State Chair, and other Democratic party leadership. The Nevada State Democratic Party encourages these greetings not make mention of any candidates nor advocate for any candidate implicitly or explicitly. The first actionable order of business shall be the election of a Permanent Chair. Following the election of the Permanent Chair, a Secretary shall be elected. By **1:00 p.m.** the Permanent Chair will determine viability based on the total number of eligible caucus attendees, combined with the participant totals of the early vote and virtual caucuses. The number of delegates to the county convention assigned to a precinct is determined by the Nevada Revised Statutes (NRS). The ratios and formulae used to calculate the number of delegates elected from each precinct to the next determining step follow NRS 293. 133 (See Appendix C).

The ratios used to determine viability are as follows:

- For precincts electing 1 delegate, there is no viability threshold and the delegate shall be elected by a simple majority vote of those eligible caucus attendees present and expressing presidential preference, plus the raw number of early and virtual caucus participants from that precinct.
- For precincts electing 2 delegates, viability shall be twenty-five percent (25%) of the eligible caucus attendees present and expressing presidential preference, plus the raw number of early and virtual caucus participants from that precinct.
- For precincts electing 3 delegates, viability shall be one-sixth (1/6) of the eligible caucus attendees present and expressing presidential preference, plus the raw number of early and virtual caucus participants from that precinct.
- For precincts electing 4 or more delegates, viability shall be fifteen percent (15%) of the eligible caucus attendees present and expressing presidential preference, plus the raw number of early and virtual caucus participants from that precinct.
- Once a hard count of the eligible caucus attendees present is completed and combined with that precinct's raw number of early and virtual caucus participants using the secure tabulation method,

**NEVADA STATE DELEGATE SELECTION PLAN DRAFT
SUBJECT TO REVISION**

the Permanent Chair shall use the aforementioned formulae to determine the number of participants required for a preference group to meet the viability threshold and announce that number to the caucus. At this time, the Permanent Chair shall also explain the procedures for aligning into presidential preference groups.

Following the Permanent Chair's explanation of the alignment process, those eligible caucus attendees present at the determination of the viability threshold will break into preference groups for the initial alignment. The time period for initial alignment shall be up to fifteen minutes and may be extended at the discretion of the Permanent Chair.

After the initial alignment has concluded, the Permanent Chair shall make three (3) announcements to the caucus:

- 1) The previously announced number of participants required for a presidential preference group to meet the viability threshold.
- 2) The results of the initial alignment, including which preference groups have met the viability threshold; and
- 3) Which preference groups did not meet the viability threshold.

Upon the conclusion of the announcement of results from the initial alignment, if and only if, there are any non-viable preference groups, the eligible caucus attendees in those groups will have up to another fifteen (15) minutes to realign with a viable group. This process is the second alignment. Only those eligible caucus attendees who aligned with non-viable groups are permitted to realign. Eligible participants in viable groups will have their preference cards collected after the first alignment, and only those eligible attendees from non-viable groups retaining their preference cards will be permitted to realign. The permanent chair will collect any outstanding presidential preference cards at the conclusion of the second alignment.

Participants in early voting or virtual caucuses whose first preference choice did not meet the viability threshold will be realigned by a secure tabulation process to ensure all participants are given the opportunity to realign.

Following the second alignment—or first alignment, (in the event that no preference groups are non-viable)—the Permanent Chair will allocate the precinct delegates for the precinct to the viable preference groups using the following formula:

$$\frac{(\# \text{ of members within a presidential preference group}) \times (\# \text{ of delegates elected from that precinct caucus})}{(\text{Total number of eligible precinct caucus participants})}$$

The result of this formula shall be rounded up at .5 and rounded down below .5

Due to rounding, it is possible to apportion more or less delegates than the caucus is required to elect. In these cases, a group or groups may gain or lose a delegate depending upon the fractions that result when determining their share of delegates. A group may never lose its only delegate.

The allocation of delegates to the county convention will be determined at the caucus by the Permanent Chair using a secure tabulation process and be reported to the Nevada State Democratic Party electronically or by telephone.

To fill the delegate positions awarded to each preference group, eligible participants shall elect by a show of hands, within that preference group, those delegates to the county convention for any person nominated to run as a delegate. Delegates can self-nominate or be nominated by another person. A potential delegate to the county convention does not need to be present to be nominated and elected as a delegate so long as that person is a registered Democrat residing within that precinct. In order to run for a national delegate position, a person must be elected as a delegate at all three levels of the three-tiered system (precinct caucus, county convention, state convention) as well as attend each level; therefore, any person elected as a delegate without having attended a precinct caucus, virtual caucus or having early voted, will be ineligible to run for any national delegate position.

Preference groups shall be instructed by the Permanent Chair to elect as equal a number of men and women as is practicable. In the case of non-binary gender delegates, they shall not be counted in either the male or female category. The Permanent Chair shall read the following statement from the State Charter prior to the election of delegates:

“Discrimination in the conduct of Democratic Party affairs on the basis of sex, race, age, color, national origin, religion, sexual orientation, gender identity and expression, physical disability, or economic status is prohibited. In order to encourage full participation by all Democrats in the delegate selection process and in all Party business, Diversity Programs shall be implemented with particular concern for minority groups as defined in the Democratic National Committee Charter.”

Alternates to the county convention shall be elected using the same guidelines as delegates to the county convention. Counties may elect half the number of alternates as they are allotted delegates. Alternate participation in the county conventions is detailed in these rules.

In any precinct where no eligible persons participate in the presidential preference caucus, that precinct shall receive no delegates to the county convention and there shall be no delegate vacancies for that precinct.

Following the election of county convention delegates and alternates by viable preference groups, further party business will be conducted. Resolutions for the county party platform shall be submitted by any eligible caucus attendees. Eligible caucus attendees may discuss these resolutions. There will be no vote and all resolutions shall be forwarded to the county convention's platform committee.

Eligible caucus attendees will also nominate any eligible persons for that county's central committee. These nominations will not be voted on but shall be forwarded to that county's Chair for consideration compliant with that county party's rules and bylaws.

Nevada will hold strip caucuses where there is a large concentration of shift workers, so these voters have every possible opportunity to participate in a precinct caucus. These strip caucuses will be conducted similarly to precinct caucuses, and a full outline of strip caucuses is presented in Appendices C&D.

13. Apportionment of District-Level Delegates and Alternates

- a. Nevada's district-level delegates and alternates are apportioned among the four congressional districts based on a formula giving equal weight to total population and to the average vote for the Democratic candidates in the 2012 and 2016 presidential elections to ensure delegates are apportioned fairly and reflect the regional and ethnic diversity of Democrats in Nevada. A higher turnout of registered voters in 2012 and 2016 best reflects that diversity. (*Rule 8.A, Reg. 4.12, Reg. 4.11 & Appendix A*)
- b. The number of men and the number of women in the state's total number of district-level delegates and alternates will not vary by more than one. In the case of non-binary delegates, they shall not be counted in either the male or female category. (*Rule 6.C.1 & Reg. 4.9*)
- c. The district-level delegates and alternates are apportioned to Nevada's four congressional districts as indicated in the following table:

District	Delegates			Alternates		
	Men*	Women*	Total	Men*	Women*	Total
#1	2	3	5	1	0	1
#2	3	3	6	0	0	0
#3	3	3	6	0	1	1

#4	3	3	6	0	0	0
Total	11	12	23	1	1	2

**(Assuming no gender non-binary delegates are elected.)*

- d. The district-level delegates and alternates shall be elected by a three-tier caucus-to-convention system. Nevada will allocate two district-level delegate alternates and one at-large delegate alternate. *(Rule 8.C, Call I.B, II, Appendix B & Reg. 4.34)*
- 1) The first tier and determining step is the **February 22, 2020 precinct caucuses**, which elect delegates to the county conventions.
 - a) Potential delegates and alternates to the county convention must file a non-binding presidential preference pledge of support, or uncommitted status upon signing in to their caucus, and this must be completed before **1:00 p.m.**, when the caucus' viability threshold is determined.
 - b) Non-binding presidential preference groups will be formed at the precinct caucuses based on the non-binding sign-in preference pledges.
 - c) Delegates to the county conventions are elected by the eligible attendees of the precinct caucus. State law provides for the election of at least one delegate for any precinct with at least one registered Democrat (NRS 293.133, Section 1). The apportionment of delegates for precincts shall be as of **November 1, 2019**. All Nevada Democratic registered precinct caucus attendees become automatic delegates to their county convention should the number of caucus attendees not exceed the number of delegates allocated to the next tier. Presidential preference is locked in at the final expression of preference at the first determining step which is the precinct caucus on **February 22, 2020**. (Rule 2.K.5)
 - 2) The second tier and step of the delegate selection process shall be county conventions, held on **April 18, 2020**.
 - a) Exact registration times shall be set by each county's respective convention committee. Each convention committee shall be directed to open in-person registration for no less than three (3) hours between **4:00 p.m. and 9:00 p.m. on Friday, April 17, 2020**, and no less than two (2) hours prior to the convention's call to order, while remaining open until **12:00 p.m.** Where practicable, the Nevada State Democratic Party encourages county parties to

use online pre-registration beginning up to 30 days prior to the county convention date. The use of online pre-registration does not exempt or mitigate the requirements for in-person registration set forth here.

- b) County conventions shall be called to order no later than **10:00 a.m. on Saturday, April 18.**
 - c) Alternates to the county conventions will be allowed to attend regardless of voting status. If there are vacancies in the allotted number of county convention delegates, alternates will be allowed to participate as a voting delegate based on the order of their sign-in time and presidential preference. No alternates shall be seated until registration closes at noon and all eligible delegates have been seated.
 - d) Presidential preference is locked in at the final expression of preference at the first determining step which is the precinct caucus.
 - e) Election of delegates and alternates to the state convention will occur at the county conventions and shall be elected by affirmation. (Nevada state statute provides for the election of one (1) delegate per 150 registered Democratic voters in each county (Rule 8.B, NRS 293.145). Should the number of delegates and alternates to a county convention not exceed that county's maximum delegate allocation to the state convention, all delegates and alternates shall become automatic delegates to the state convention. Delegate Intent Forms will be made available on the Nevada State Democratic Party website, www.nvdems.com, 30 days in advance of county conventions, and county parties shall be responsible for making an adequate number of these forms available during the in-person registration periods.
- 3) The third tier and step of the delegate selection process shall be the **May 30, 2020** State Convention, to elect delegates to the Democratic National Convention.
- a) A district-level delegate and alternate candidate may run for election only within the district in which they are registered to vote. (*Rule 13.H*)

- b) An individual can qualify as a candidate for district-level delegate or alternate to the 2020 Democratic National Convention by filing a statement of candidacy designating their singular presidential preference and a signed pledge of support for the presidential candidate with the State Party by **10:00 am on May 29, 2020**. Statements of candidacy may be presented in person, by mail, by email, or by fax to the Nevada State Democratic Party, 2320 Paseo Del Prado Suite B107, Las Vegas, NV 89102. Faxes directed to 702-735-2700. Emails directed to filing@nvdems.com. A district-level delegate or alternate candidate may modify their singular presidential preference by submitting an updated pledge of support no later than the filing deadline. (*Rule 13.B, Rule 15.F & Reg. 4.23*)
- c) All candidates considered for district-level alternate positions must meet the same requirements as candidates for district-level delegate positions. Candidates who were not chosen at the delegate level may be considered at the alternate level. (Rules 12.B. & 14.F)

14. District-Level Delegate and Alternate Filing Requirements

- a. A district-level delegate and alternate candidate may run for election only within the district in which they are registered to vote. (*Rule 13.H*)
- b. An individual can qualify as a candidate for district-level delegate or alternate to the 2020 Democratic National Convention by filing a statement of candidacy designating their singular presidential preference and a signed pledge of support for the presidential candidate with the State Party by **10:00 am on May 29, 2020**. Statements of candidacy may be presented in person, by mail, be email, or by fax to the Nevada State Democratic Party, 2320 Paseo Del Prado Suite B107, Las Vegas, NV 89102. Faxes directed to 702-735-2700. Emails directed to filing@nvdems.com. A delegate or alternate candidate may modify their singular presidential preference by submitting an updated pledge of support no later than the filing deadline. (*Rule 13.B, Rule 15.F & Reg. 4.23*)
- c. All candidates considered for district-level alternate positions must meet the same requirements as candidates for district-level delegate positions. Candidates who were not chosen at the delegate level may be considered at the alternate level. (Rules 12.B. & 14.F)

15. Presidential Candidate Right of Review for District-Level Delegates and Alternates

- a. The State Democratic Chair shall convey to the presidential candidate, or that candidate's authorized representative(s), not later than **12:00 p.m., May 29**,

2020, a list of all persons who have filed for delegate or alternate pledged to that presidential candidate. (*Rule 13.D & Rule 13.F*)

- b. Each presidential candidate, or that candidate's authorized representative(s), must then file with the State Democratic Chair by **10:30 a.m., May 30, 2020**, a list of all such candidates they have approved, provided that approval be given to at least three (3) separate individuals for each position for delegate and three (3) separate individuals for each alternate position to be selected. (*Rule 13.E.1, Reg. 4.24 & Reg. 4.25*)
- c. Failure to respond will be deemed approval of all delegate and alternate candidates submitted to the presidential candidate unless the presidential candidate, or the authorized representative(s), signifies otherwise in writing to the State Democratic Chair not later than **10:30 a.m., May 30, 2020**.
- d. National convention delegate and alternate candidates removed from the list of bona fide supporters by a presidential candidate, or that candidate's authorized representative(s), may not be elected as a delegate or alternate at that level pledged to that presidential candidate. (*Rule 13.E & Reg. 4.24*)
- e. The State Democratic Chair shall certify in writing to the Co-Chairs of the DNC Rules and Bylaws Committee whether each presidential candidate has used their best efforts to ensure that their respective district-level delegate candidates and district-level alternate candidates meet the affirmative action and outreach and inclusion considerations and goals detailed in the Affirmative Action section of this Plan within three (3) business days of returning the list of approved district-level delegate candidates and district-level alternate candidates as indicated in Section III.A.5.b of this Plan. (*Rule 6.I & Reg.4.10.C*)

16. Fair Reflection of Presidential Preference

- a. Nevada is a caucus/convention state. Accordingly, national delegate and alternate positions shall be allocated so as to fairly reflect the expressed presidential preference or uncommitted status of the caucus participants in each district. Therefore, the national convention delegates elected at the district level shall be allocated in proportion to the percentage of the caucus vote won in that district by each preference at the first determining step, except that preferences falling below a 15% threshold shall not be awarded any delegates or alternates. (*Rule 2.K.5, Rule 14.B & Reg. 4.30*)
- b. Within a district, if no presidential preference reaches a 15% threshold, the threshold shall be half the percentage of the vote received in that district by the front-runner. (*Rule 14.F*)

- c. District-level delegates and alternates will be selected by a caucus of state convention delegates who signed statements of support for that presidential candidate at the **Feb. 22, 2020** precinct caucus. (Rule 2.K.5)

17. Equal Division of District-Level Delegates and Alternates

- a. To ensure the district-level delegates are equally divided between men and women (determined by gender self-identification) delegate positions within each district will be designated by presidential preference beginning with the highest vote-getting presidential preference. This assignment of delegate positions will continue with the next highest vote-getting preferences in descending order, with positions assigned to either men and women alternating by gender as mathematically practicable, until the gender of each position has been assigned. In the case of non-binary gender delegates, they shall not be counted in either the men or women category. (*Rule 6.C., Rule 6.C.1 & Reg. 4.10*)

In districts with an odd number of delegates, the first delegate selected for the winning presidential preference must be of the same gender as the advantaged gender in that district. Following that determination, the allocation would continue alternating by gender for the winning presidential preference and any subsequent preferences. In districts with an even number of delegates, the highest-vote getting delegate candidate for the district's winning presidential preference will be the first delegate assigned. Following that determination, the state will then designate the remaining positions for that presidential preference and any subsequent preferences alternating by gender, as mathematically practicable.

- b. After the delegates are selected, the alternates will be awarded, using the same process described above.

18. The State Democratic Chair shall certify in writing to the Secretary of the Democratic National Committee (DNC) the election of the state's district-level delegates and alternates to the Democratic National Convention within 10 days after their election. (*Rule 8.C & Call IV.A*)

B. Automatic Delegates

1. Automatic Party Leaders and Elected Officials

- a. The following categories (if applicable) shall constitute the Automatic Party Leaders and Elected Official delegate positions:

**NEVADA STATE DELEGATE SELECTION PLAN DRAFT

- 1) Members of the Democratic National Committee who legally reside in the state; *(Rule 9.A.1, Call I.F, Call I.J, & Reg. 4.15)*
 - 2) Democratic President and Democratic Vice President (if applicable); *(Rule 9.A.2 & Call I.G)*
 - 3) All of Nevada’s Democratic Members of the U.S. House of Representatives and the U.S. Senate; *(Rule 9.A.3, Call I.H & Call I.J)*
 - 4) The Democratic Governor (if applicable); *(Rule 9.A.4, Call I.H & Call I.J)*
 - 5) “Distinguished Party Leader” delegates who legally reside in the state (if applicable); *(Rule 9.A.5, Call I.G & Reg. 4.14)*
- b. An Automatic delegate may run and be elected as a Pledged delegate. If an Automatic delegate is elected and certified as a Pledged delegate, that individual shall not serve as an Automatic delegate at the 2020 National Convention. *(Call I.J)*
- c. The certification process for the Automatic Party Leader and Elected Official delegates is as follows:
- 1) Not later than **March 6, 2020**, the Secretary of the Democratic National Committee shall officially confirm to the State Democratic Chair the names of the Automatic delegates who legally reside in Nevada. *(Rule 9.A)*
 - 2) Official confirmation by the Secretary shall constitute verification of the Automatic delegates from the categories indicated above. *(Call IV.B.1)*
 - 3) The State Democratic Chair shall certify in writing to the Secretary of the DNC the presidential preference of Nevada’s Automatic delegates 10 days after the completion of the State’s Delegate Selection Process. *(Call IV.C)*
2. For purposes of achieving equal division between delegate men and delegate women within the state’s entire convention delegation (determined by gender self-identification), the entire delegation includes all pledged and Automatic delegates, including those who identify as men or women. *(Rule 6.C and Reg. 4.9)*

 - b. An individual can qualify as a candidate for a position as a pledged PLEO delegate by filing a statement of candidacy and statement of presidential preference for a singular candidate with the State Party by **10:00 a.m., May 29, 2020**. The presidential preference of a candidate for PLEO delegate may be modified by submitting an updated statement of candidacy before the deadline. Because this deadline is prior to the election of district-level delegates, candidates may indicate their intent to run in any combination of delegate categories: district-level, pledged PLEO, or at-large. Any pledged PLEO eligible candidate elected at the district-level will become ineligible to run in additional categories. If a pledged PLEO-eligible candidate runs, and is not elected at the district level, he or she is still able to run as a pledged PLEO, provided they re-file their intent with the State Party **by 4:00 p.m., May 30, 2020**. (*Rule 13.E.2 & Reg. 4.25*)
 - c. Failure to respond will be deemed approval of all delegate candidates submitted to the presidential candidate unless the presidential candidate or

the authorized representative(s) signifies otherwise in writing to the State Democratic Chair not later than *30 minutes after they receive their list of candidates. (Rule 13.D)*

- d. The State Democratic Chair shall certify in writing to the Co-Chairs of the DNC Rules and Bylaws Committee whether each presidential candidate has used their best efforts to ensure that their respective pledged PLEO delegate candidates meet the affirmative action and outreach and inclusion considerations and goals detailed in the Affirmative Action section of this Plan within three (3) business days of returning the list of approved pledged PLEO candidates as indicated in Section III.C.3.b of this Plan. *(Rule 6.I & Reg. 4.10.C)*

4. Selection of Pledged Party Leader and Elected Official Delegates

- a. The pledged PLEO slots shall be allocated among presidential preferences on the same basis as the at-large delegates. *(Rule 10.A.2, Rule 11.C, Rule 14.E & Rule 14.F)*
- b. Selection of the pledged PLEO delegates will occur at the state convention on **May 30, 2020**, which is after the election of district-level delegates and alternates and prior to the selection of at-large delegates and alternates. *(Rule 10.A)*

2. At-Large Delegate and Alternate Filing Requirements

- a. Persons desiring to seek at-large delegate or alternate positions may file a statement of candidacy designating their singular presidential preferential or uncommitted preference status and a signed pledge of support for the presidential candidates (including uncommitted status) with the State Party by **10:00 a.m. on May 29, 2020**. A delegate or alternate candidate may modify their singular presidential preference by submitting an updated pledge of support no later than the filing deadline. (*Rule 13.A., Rule 13.B, Rule 15.G, Reg. 4.22, Reg. 4.23, & Reg. 4.31*)
- b. The statement of candidacy for at-large delegates and for at-large alternates will be the same and must be after the election of PLEO delegates. After the at-large delegates are elected at the state convention, those persons not chosen will then be considered candidates for at-large alternate positions unless they specify otherwise when filing. (*Rule 13.D.4, Rule 13.E.2 & Reg. 4.25*)
- c. Failure to respond will be deemed approval of all delegate candidates submitted to the presidential candidate unless the presidential candidate or the authorized representative(s) signifies otherwise in writing to the State Democratic Chair not later than **5:45 p.m., May 30, 2020**.
- d. The State Democratic Chair shall certify in writing to the Co-Chairs of the DNC Rules and Bylaws Committee whether each presidential candidate has used their best efforts to ensure that their respective at-large delegate candidates and at-large alternate candidates meet the affirmative action and outreach and inclusion considerations and goals detailed in the Affirmative Action and

Outreach and Inclusion section of this Plan within three (3) business days of returning the list of approved at-large delegate candidates and at-large alternate candidates as indicated in this Section.

4. Fair Reflection of Presidential Preference

- a. The At-large delegate and alternate positions shall be allocated among presidential preference according to the statewide division of preferences among convention and caucus participants, at the first determining step of the process provided that no person participating in the allocation shall automatically serve by virtue of holding a public or Party office. (*Rule 9.B, Rule 11.C & Reg. 4.19*)
- b. Preferences which have not attained a 15% threshold on a state-wide basis shall not be entitled to any at-large delegates. (*Rule 14.E*)
- c. If no presidential preference reaches a 15% threshold, the threshold shall be half the percentage of the statewide vote received by the front-runner. (*Rule 14.F*)

- e. If a given presidential preference is entitled to one (1) or more delegate positions but would not otherwise be entitled to an alternate position, that preference shall be allotted one (1) at-large alternate position. (*Rule 19.B, Call I.I & Reg. 4.33*)

5. Selection of At-Large Delegates and Alternates

- a. The selection of the at-large delegates and alternates will occur at **6:00 p.m.** on **May 30, 2020** at the state convention which is after all pledged Party Leader and Elected Official delegates have been selected. (*Call III*)
- b. These at-large delegates and alternates will be selected by the state convention as a whole by non-secret signed ballot. (*Rule 11.B & Rule 11.B*)
- c. Priority of Consideration
 - 1) In the selection of the at-large delegation priority of consideration shall be given to African Americans, Hispanics, Native Americans, Asian Americans and Pacific Islanders and women, if such priority of

consideration is needed to fulfill the affirmative action goals outlined in the state's Delegate Selection Plan. *(Rule 6.A.3)*

- 2) To continue the Democratic Party's ongoing efforts to include groups historically under-represented in the Democratic Party's affairs and to assist in the achievement of full participation by these groups, priority of consideration shall be given other groups by virtue of race, sex, age, color, creed, national origin, religion, ethnic identity, sexual orientation, gender identity and expression, economic status or disability. *(Rule 5.C, Rule 6.A.3, Rule 7 & Reg. 4.8)*
 - 3) The election of at-large delegates and alternates shall be used, if necessary, to achieve the equal division of positions between men and women as far as mathematically practicable and may be used to achieve the representation goals established in the Affirmative Action Plan and Outreach and Inclusion Program section of this Plan. *(Rule 6.A, Rule 6.C and Reg. 4.9)*
 - 4) Delegates and alternates are to be considered separate groups for this purpose. *(Rule 6.C.1, Rule 11.A, Reg. 4.9 & Reg. 4.20)*

E. Replacement of National Delegates and Alternates

1. A pledged delegate or alternate may be replaced according to the following guidelines:
 - a. Permanent Replacement of a Delegate: *(Rule 19.D.3)*
 - 1) A permanent replacement occurs when a delegate resigns or dies prior to or during the national convention and the alternate replaces the delegate for the remainder of the National Convention.
 - 2) Any alternate permanently replacing a delegate shall be of the same presidential preference (including uncommitted status) and gender of the delegate they replace, and to the extent possible shall be from the same political subdivision within the state as the delegate.

- a) In the case where the presidential candidate has only one (1) alternate, that alternate shall become the certified delegate.
 - b) If a presidential candidate has only one (1) alternate, and that alternate permanently replaces a delegate of a different gender, thereby causing the delegation to no longer be equally divided, the delegation shall not be considered in violation of Rule 6.C. In such a case, notwithstanding Rule 19.D.2, the State Party Committee shall, at the time of a subsequent permanent replacement, replace a delegate with a person of a different gender, in order to return the delegation to equal division of men and women. *(Reg. 4.36)*
- 3) If a delegate or alternate candidate who has been elected but not certified to the DNC Secretary resigns, dies, or is no longer eligible to serve, they shall be replaced, after consultation with the State Party, by the authorized representative of the presidential candidate to whom they are pledged. *(Rule 19.D.2)*
- b. Temporary Replacement of a Delegate: *(Rule 19.D.4)*
 - 1) A temporary replacement occurs when a delegate is to be absent for a limited period of time during the convention and an alternate temporarily acts in the delegate's place.
 - 2) Any alternate who temporarily replaces a delegate must be of the same presidential preference (including uncommitted status) as the delegate they replace, and to the extent possible shall be of the same gender and from the same political subdivision within the state as the delegate.
 - a) The following system will be used to select permanent and temporary replacements of delegates: *(Rule 19.D.1)*
 - (1) The delegate chooses the alternate.
- c. Certification of Replacements
 - 1) Any alternate who permanently replaces a delegate shall be certified in writing to the Secretary of the DNC by the State Democratic Chair. *(Rule 19.D.3)*
 - 2) Permanent replacement of a delegate (as specified above) by an alternate and replacement of a vacant alternate position shall be certified in writing by Nevada's Democratic Chair to the Secretary of the

Democratic National Committee within three (3) days after the replacement is selected. *(Call IV.D.1)*

- 3) Certification of permanent replacements will be accepted by the Secretary up to 72 hours before the first official session of the Convention is scheduled to convene. *(Call IV.D.1 & Reg. 4.35)*
 - 4) In the case where a pledged delegate is permanently replaced after 72 hours before the time the first session is scheduled to convene or, in the case where a pledged delegate is not on the floor of the Convention Hall at the time a roll call vote is taken, an alternate may be designated (as specified above) to cast the delegate's vote. In such case, the Delegation Chair shall indicate the name of the alternate casting the respective delegate's vote on the delegation tally sheet. *(Call IX.F.3.e, Call IX.F.3.c & Reg. 5.6)*
 - d. A vacant alternate position shall be filled by the delegation. The replacement shall be of the same presidential preference (or uncommitted status), of the same gender and, to the extent possible, from the same political subdivision as the alternate being replaced. *(Rule 19.E)*

B. Representation Goals

- 1. In cooperation with the National Committee, the State Party has determined the demographic composition of African Americans, Hispanics, Native Americans, and Asian Americans and Pacific Islanders in the state's Democratic electorate. These

constituency percentages shall be established as goals for representation in the state’s convention delegation. (*Rule 6.A*)

2. In cooperation with the National Committee, the State Party has determined the demographic composition of members of the LGBTQ+ community, people with disabilities, and youth in the state’s Democratic electorate. The State Party has chosen to establish these percentages as goals for representation in the state’s convention delegation. Additionally, the Party would like to include the labor community and veterans whenever possible with the current DNC required demographic composition.

3. The Party utilized data produced by the DNC that are estimated based on a combination of several data sources that are publicly available, up to date, and reliable. For estimates of overall citizen voting-age population and the prevalence of each subgroup in the state, we used data from the Census Bureau’s most recent American Community Survey (ACS) datasets. The ACS provides citizen voting-age population estimates split out by race and ethnicity, allowing us to combine steps (1) and (2) above. For young voters and disabled voters, we estimated the percentage of eligible voters in those categories in the state by dividing the disabled and youth population size by the voting-age population size. The only exception to using ACS data was in the estimation of the LGBTQ + population, which is not quantified by the ACS. For this, we relied on Gallup’s report on LGBTQ + identification by state, which is based on more than 400,000 interviews from 2015-2016.

	African Americans	Hispanics	Native Americans	Asian American s and Pacific Islanders	LGBTQ+ Americans	People with Disabilities	Youth
Percent in Democratic Electorate	14%	28%	1%	11%	7%	16%	34%
Numeric Goals for Delegation	7	14	1	6	4	8	17

*DNC Data Recommendation

4. When selecting the at-large portion of the delegation, the demographic composition of the other delegates (district-level, pledged PLEO, and Automatic) shall be compared with the State Party’s representation goals to achieve an at-large selection process that helps to bring about a representative balance. (*Rule 11.A*)

5. Although the selection of the at-large delegation may be used to fulfill the affirmative action goals established by this Plan, the State Party will conduct outreach and inclusion activities such as recruitment, education and training at all levels of the delegate selection process. *(Rule 6.A.3)*

(*Rule 2.C*)
7. Appendix D: Strip Caucus Rules and Procedures

The Nevada State Democratic Party is committed to increasing voter access to the Democratic caucuses on **February 22, 2020**, and has developed an aggressive plan to promote and engage its diverse population to attend the Caucuses. A significant portion of Nevada's population consists of shift workers largely employed in Clark County on a 7 day per week 24-hour shift rotation. There is also a strong tradition in Clark County of facilitating the participation of shift workers in our unique "24/7" economy. Such accommodations have historically included "non-traditional" times and locations for polling sites easily accessible to shift workers. In planning the Caucuses, it is important to recognize the inherent difficulty for a shift worker to get back to their home precinct in order to participate in their Caucus.

In 2008, working with Labor and management, the NSDP identified and developed At-Large Strip Caucus sites to accommodate the thousands of Caucus-goers working Saturday shifts.

Strip caucus precincts must meet a stringent requirement of having 4,000 or more shift workers per site who could not otherwise take the time off to go to their home precincts. Currently, Clark County is the only county in Nevada which meets this threshold of optimum concentration.

Attendance and Registration Requirements for At-Large Precinct Caucuses

1. At-Large Precincts Caucuses are designed specifically to service shift workers who work during or within one

hour of the Nevada Democratic Party Caucuses start-time (**12:00am**), and who could not return to their home precinct caucus in time to participate.

2. Shift workers will be required to bring their Employer Identification card or badge to their assigned At-Large Precinct Caucus to be eligible to participate in the At-Large Precinct Caucus. The Employer ID card will serve as proof of shift worker status.
3. Shift workers will also sign a declaration stating that they could not attend their home Precinct Caucus because they worked during or within one hour of the designated caucus start time.

Locations and the total number of At-Large Precinct Caucuses

- At-Large Precinct Caucuses will be created working with employers who have more than 4,000 employees in a contiguous area working on Saturday morning **February 22, 2022**.
- The NSDP is planning 8-10 At-Large Precinct Caucus locations, all in Clark County.
- Shift workers working within a 2.5 mile radius of each site will be allowed to attend their assigned At-Large Precinct Caucus.
- At-Large Precinct Caucus locations will be determined working with the Clark County Democratic Party and the business community to determine optimum location and space, convenience and other such considerations.
- At-Large Precinct locations will be arranged by **October 1, 2019**.
- Individual work sites will be geographically assigned to a specific At-Large Precinct Caucus.

Staff at the At-Large Precinct Caucus

- At-Large Precinct Caucuses will be conducted ONLY by trained NSDP staff. NSDP staff will be assigned to each location by the Caucus Director to serve as the At-Large Precinct Caucus Chair but will not be permitted to participate in the caucus.
- NSDP staff will manage the following At-Large Precinct Caucus activities:
 1. Registration
 2. Reporting the number of eligible caucus participants to the Nevada State Democratic Party
 3. Administration of the caucus meeting
 4. Apportionment and reporting of the delegates to the Nevada State Democratic Party

The Apportionment of delegates for the At-Large Precinct Caucus

- The number of delegates for each precinct caucus location shall be determined by a formula that takes into account both standardized precinct size and Democratic registration, then allocates delegates from at-large precincts relative to previous performance (2016). This formula will first determine a “base pooled population” for at-large precincts, according to the formula:

$(\text{maximum Clark County Precinct size}) \times (\text{Democratic registration percentage } 1/1/12) \times (\# \text{ of at-large precincts})$

The Base Pooled Population number will then be multiplied by the share of each at-large precinct to determine that precinct’s base population. This number will then be divided by 50, per the NRS guidelines for Clark County to determine the number of delegates.

$(\text{Base Pooled Population}) \times (\text{2008 share of total at-large participation}) / 50 = \text{Delegates per at-large precinct}$

In cases where sites from 2016 are consolidated, the share of the two consolidated sites shall determine that site’s share of the Base Pooled Population. In cases where a site has been added from 2008, the Base Pooled Population shall be multiplied by the average 2016 participation share, then divided by 50 to determine the number of delegates from that at-large precinct.

Delegate allocations per at-large precinct shall be determined and published to the state party's website no later than January 15, 2020.

- The At Large Precinct Caucus will otherwise run exactly like the statewide Caucus system with delegates apportioned accordingly.

Further, the Rules and Bylaws Committee shall determine whether the State Party's Delegate Selection Plan meets the requirements specified in this section, including: 1. Incorporating mechanisms with reasonable safeguards against error and fraud to vote absentee or vote early; 2. Demonstrating that the State Party has the financial and technical ability to successfully run the process; 3. Implementing same-day voter registration and party-affiliation changes at the voting location; 4. Creating a process for publicly reporting the total statewide and district level results for each candidate based on the first expression of preference by the participants at the first determining step, as determined in the State's Plan; 5. Requiring that the allocation of all national delegates, be locked in at the final expression of preference at the first determining step, as determined by the State's Plan, subject to recount; 6. Ensuring final expressions of preference as part of the presidential nominating process are securely preserved, in a method to be specified in the State's Plan, that ensures the availability of a prompt and accurate recount or recanvass; 7. Providing a standard and procedure by which a presidential candidate may request a recount or recanvass that is paid for by the candidate and carried out in a timely manner; 8. Creating mechanisms that allow voters who are unable to be a part of the process in person to participate. This can include, but is not limited to those serving in the military, those with a disability or illness preventing participation, those who are not able to take time off from work or obtain child care, and other reasons; and 9. Taking appropriate steps to ensure voters in party-run processes, like those in primary states, have a right to participate in the process. These steps could include any required rules changes and the proper education and outreach to ensure accessibility, including specifically for people with disabilities and for people with limited English proficiency in accordance with the Americans With Disabilities Act and Sections 203 and 208 of the Voting Rights Act.

Rule 3.A: All official Party meetings and events related to the national convention delegate selection process, including caucuses, conventions, committee meetings, filing dates, and Party enrollment periods, shall be scheduled for dates, times and publicly accessible places which would be most likely to encourage the participation of all Democrats, and must begin and end at reasonable hours. It shall be the responsibility of the State Party to select the dates, times and to locate and confirm the availability of publicly accessible facilities for all official party meetings and events related to the national convention delegate selection process.

Rule 3.C: The times, dates, places, and rules for the conduct of all caucuses, conventions, meetings and other events involved in the delegate selection process shall be effectively publicized by the Party organization, official, candidate or member calling the same.

Rule 3.D: Concise statements in advance of all meetings and events concerning the relationship between the business to be conducted and the delegate selection process shall be effectively publicized by the Party organization, official, candidate or member calling the same.

Rule 3.E: No person shall participate in more than one meeting which is the first determinative step in the delegate selection process.

Rule 4.A: The Democratic National Committee reaffirms its commitment to the 1964 resolution, and requires the national and state parties to incorporate the Six Basic Elements, as updated, into their Party rules and to take appropriate steps to secure their implementation

Rule 4.B: The 1964 Democratic National Convention adopted a resolution which conditioned the seating of delegates at future conventions on the assurances that discrimination in any State Party affairs on the ground of race, color, creed or national origin did not occur. The 1968 Convention adopted the 1964 Convention resolution for inclusion in the Call for the 1972 Convention. In 1966, the Special Equal Rights Committee, which had been created in 1964, adopted six antidiscrimination standards — designated as the Six Basic Elements. As our Party strives to progress in the fight against discrimination of all kinds, these Six Basic Elements have evolved and grown along with the constant push for more inclusion and empowerment. These working principles, as updated, are as follows: 1. All public meetings at all levels of the Democratic Party in each state should be open to all members of the Democratic Party regardless of race, sex, age, color, creed, national origin, religion, ethnic identity, sexual orientation, gender identity and expression, economic status or disability (hereinafter collectively referred to as “status”). 2. No test for membership in, nor any oaths of loyalty to, the Democratic Party in any state should be required or used which has the effect of requiring prospective or current members of the Democratic Party to acquiesce in, condone or support discrimination based on “status.” 3. The time and place for all public meetings of the Democratic Party on all levels should be publicized fully and in such manner as to assure timely notice to all interested persons. Such meetings must be held in places accessible to all Party members and large enough to accommodate all interested persons. 4. The Democratic Party, on all levels, should support the broadest possible registration without discrimination based on “status.” 5. The Democratic Party in each state should publicize fully and in such a manner as to assure notice to all interested parties a full description of the legal and practical procedures for selection of Democratic Party officers and representatives on all levels. Publication of these procedures should be done in such fashion that all prospective and current members of each State Democratic Party will be fully and adequately informed of the pertinent procedures in time to participate in each selection procedure at all levels of the Democratic Party organization. Each State Party should develop a strategy to provide education programs directly to voters who continue to experience confusing timelines for registration, changing party affiliation deadlines, or lack of awareness of the process for running for delegate, to ensure all Democratic voters understand the rules and timelines and their impact on voter participation. 6. The Democratic Party in each state should publicize fully and in such a manner as to assure notice to all interested parties a complete description of the legal and practical qualifications of all positions as officers and representatives of the state Democratic Party. Such publication should be done in timely fashion so that all prospective candidates or applicants for any elected or appointed position within each State Democratic Party will have full and adequate opportunity to compete for office.

Rule 4.C: These provisions demonstrate the intention of the Democratic Party to ensure a full opportunity for all “status” (as defined in Rule 4.B.(1)) members to participate in the delegate selection process.

Rule 5.A: In order that the Democratic Party at all levels be an open Party which includes rather than excludes people from participation, a program of effective affirmative action and inclusion is hereby adopted.

Rule 5.B: Discrimination on the basis of “status” in the conduct of Democratic Party affairs is prohibited.

Rule 5.C: In order to continue the Democratic Party’s ongoing efforts to include groups historically under-represented in the Democratic Party’s affairs, by virtue of race, sex, age, color, creed, national origin, religion, ethnic identity, sexual orientation, gender identity and expression, economic status or disability, each State Party shall develop and submit Party outreach programs, including recruitment, education and training, in order to achieve full participation by such groups and diversity in the delegate selection process and at all levels of Party affairs.

Rule 6.A: The promises of a democratically elected government and the right to vote have not always been extended equally to all Americans. Historically, certain groups of Americans have been explicitly denied the right to vote or have been subjected to discriminatory and exclusionary practices with the intended effect of denying them voting rights. In recognition of this past history of discriminatory denial of the franchise and in order to encourage full participation by all Democrats in the delegate selection process and in all Party affairs, the national and state Democratic Parties shall adopt and implement affirmative action programs with specific goals and timetables for African Americans, Hispanics, Native Americans, Asian Americans and Pacific Islanders and women. 1. The goal of such affirmative action shall be to achieve participation in the delegate selection process and in Party organizations at all levels by the aforementioned groups as indicated by their presence in the Democratic electorate. 2. This goal shall not be accomplished either directly or indirectly by the Party’s imposition of mandatory quotas at any level of the delegate selection process or in any other Party affairs. 3. In the selection of each state’s at-large delegation, priority of consideration shall be given to African Americans, Hispanics, Native Americans, Asian Americans and Pacific Islanders and women, if such priority of consideration is needed to fulfill the affirmative action goals outlined in the state’s Delegate Selection Plan. Such

remedial action is necessary in order to overcome the effects of past discrimination. Use of the at-large delegation to fulfill the plan's affirmative action goals does not obviate the need for the State Party to conduct outreach activities such as recruitment, education and training. Priority of consideration shall also be given to other groups as described in Rule 5.(C), which are under-represented in Democratic Party affairs, in order to assist in the achievement of full participation by these groups.

Rule 6.C: State Delegate Selection Plans shall provide for equal division between delegate men and delegate women and alternate men and alternate women within the state's entire convention delegation (determined by gender-self-identification). For purposes of this rule, the entire delegation includes all pledged delegates and alternates and automatic delegates (including automatic party leaders and elected official delegates). In the case of gender non-binary delegates, they shall not be counted as either a male or female, and the remainder of the delegation shall be equally divided by gender. 1. State Delegate Selection Plans shall, as far as mathematically practicable, also provide for equal division between district-level delegate men and delegate women and district-level alternate men and alternate women, as described in Rule 6.C

Rule 6.D: For purposes of providing adequate notice of the delegate selection process under Rule 3, the times, dates, places and rules for the conduct of all caucuses, conventions, meetings and other events involved in the delegate selection process shall be effectively publicized, multilingually where necessary, to encourage the participation of minority groups.

Rule 6.E: State Democratic Parties shall ensure that district lines used in the delegate selection process are not gerrymandered to discriminate against African Americans, Hispanics, Native Americans, Asian Americans and Pacific Islanders or women.

Rule 6.F: Each state Affirmative Action Plan shall provide for the appointment of a representative state Affirmative Action Committee by March 1, 2019. Before the State Party submits its Plan to the DNC Rules and Bylaws Committee, the Affirmative Action Committee shall review the proposed outreach program required in Rule 5.C.

Rule 6.G: Each State Affirmative Action Plan shall include outreach provisions to encourage the participation and representation of persons of low and moderate income, and a specific plan to help defray expenses of those delegates otherwise unable to participate in the national convention.

Rule 6.H: State Parties in their Delegate Selection Plans shall impose reasonable specific Affirmative Action and Inclusion obligations upon presidential candidates consistent with the delegate selection system employed by the state.

Rule 6.I: State Parties shall require presidential candidates to submit statements that specify what steps such candidates will take to encourage full participation in their delegate selection process, including, but not limited to, procedures by which persons may file as candidates for delegate or alternate. Provided further that presidential candidates submit such full participation statements to the DNC Rules and Bylaws Committee at the same time they are submitted to state parties.

Rule 7: The Democratic National Committee recognizes that other groups of Americans in addition to those described in Rule 6 may be underrepresented in Party affairs. These groups include members of the LGBTQ+ community, people with disabilities, and youth. The National and State Parties shall adopt and implement Outreach and Inclusion Programs in order to achieve the full participation of members of these and other groups in the delegate selection process and in all party affairs, as indicated by their presence in the Democratic electorate. The DNC will work with the State Party to ascertain the presence of these groups in the State's Democratic electorate. As is already the practice in most states, State Parties should use goals to achieve these ends; however, in no event may such participation be accomplished by the use of quotas.

Rule 8.A: Apportionment of district-level delegates within states shall be based on one of the following: 1. A formula giving equal weight to total population and to the average of the vote for the Democratic candidates in the two most recent presidential elections; 2. A formula giving equal weight to the vote for the Democratic candidates in the most recent presidential and gubernatorial elections; 3. A formula giving equal weight to the average of the vote for the Democratic candidates in the two most recent presidential elections and to Democratic Party registration or enrollment as of January 1, 2020; or 4. A formula giving one-third (1/3) weight to each of the formulas in items (1), (2), and (3).

Rule 8.B: Apportionment for each body selecting delegates to state, district, and county conventions shall be based upon population and/or some measure of Democratic strength.

Rule 8.C: The Call for the 2020 Convention shall state the base delegation for each delegation. Seventy-five percent (75%) of each state's base delegation shall be elected at the congressional district level or smaller. Twenty-five percent (25%) of each state's base delegation shall be elected at large. Delegates so elected shall hereafter be termed "district-level" and "at-large" delegates, respectively. Each State Democratic Chair shall certify all delegates in writing to the Secretary of the DNC.

Rule 9.A: For the purpose of these rules, the term "automatic" used in this Rule corresponds with the term "unpledged," as used in Article Two, Section 4(h) of the Charter. The procedure to be used for certifying automatic party leader and elected official delegates is as follows: Not later than March 6, 2020, the Secretary of the Democratic National Committee shall officially confirm to each State Democratic Chair the names of the following automatic delegates who legally reside in their respective state and who shall be recognized as part of their state's delegation unless any such member has publicly expressed support for the election of, or has endorsed, a presidential candidate of another political party:

Rule 9.A.3: All Democratic members of the United States House of Representatives and all Democratic members of the United States Senate; and,

Rule 9.A.4: The Democratic Governor, if applicable; and,

Rule 9.A.5: All former Democratic Presidents, all former Democratic Vice Presidents, all former Democratic Leaders of the U.S. Senate, all former Democratic Speakers of the U.S. House of Representatives and Democratic Minority Leaders, as applicable, and all former Chairs of the Democratic National Committee.

Rule 10.A: Following the selection of district-level delegates under 8.E., pledged party leader and elected official delegates are to be selected subject to the following procedures: 1. Persons shall be considered for pledged party leader and elected official delegates and alternates according to the following priority: big city mayors and state-wide elected officials to be given equal consideration; state legislative leaders, state legislators, and other state, county and local elected officials and party leaders. 2. These slots shall be allocated on the same basis as the state's at-large delegates. 3. If persons eligible for pledged party leader and elected official delegate positions have not made known their presidential preference under the procedures established by the state pursuant to Rule 13 for candidates for district-level and at-large delegate positions, their preferences shall be ascertained through alternative procedures established by the State Party, which shall require a signed pledge of support for a presidential candidate. Such an alternative system shall have a final deadline for submitting a pledge of support after the selection of all district-level delegates has been completed and must provide an opportunity for disapproval by the presidential candidate or the candidate's authorized representative.

Rule 10.B: A state's party leader and elected official delegates may be chosen by a state convention or by a committee consisting of a quorum of district-level delegates. They may also be chosen by the State Party Committee, as recognized by the Democratic National Committee, but only if the state's Delegate Selection Plan is in full compliance with these rules, and provided:

Rule 11.A: The selection of at-large delegates shall be used, if necessary, to achieve the equal division of positions between men and women and the representation goals established in the State Party's Affirmative Action Plan and Outreach and Inclusion Program. Such goals apply to the state's entire delegation considered as a whole. For purposes of this rule, the entire delegation includes all automatic as well as all pledged delegates. Delegates and alternates shall each, as a group, be equally divided and, to the extent possible, each as a group shall reflect the representation goals established in the state's Affirmative Action Plan and Outreach and Inclusion Program.

Rule 11.B: A state's at-large delegates and alternates shall be selected by one of the bodies, subject to the same conditions specified in Rule 10.B. above, provided, however, the State Party Committee may choose such delegates and alternates only if the state's Delegate Selection Plan is in full compliance with these rules.

Rule 11.C: At-large delegates and alternates (including pledged party leader and elected official delegates, which shall include those to be allocated to uncommitted status) in primary states shall be allocated according to the state-wide primary vote or, in states holding no state-wide primary, according to the division of preferences among convention and caucus participants. In non-primary states which do not hold state conventions authorized to elect delegates, at-large delegates shall be apportioned according to the division of preferences among district level delegates at the time of district-level selection. If a presidential candidate entitled to an allocation under this rule is no longer a candidate at the time at-large delegates are selected, his/her allocation shall be proportionately divided among the other preferences entitled to an allocation.

Rules 12.B: All steps in the delegate selection process, including the filing of presidential candidates, must take place within the calendar year of the Democratic National Convention (except as otherwise provided in these rules or specifically allowed by the DNC Rules and Bylaws Committee).

Rule 12.D(1): Prior to the selection of national convention delegates and alternates, the State Party shall convey to the presidential candidate, or that candidate's authorized representative(s), a list of all persons who have filed for delegate or alternate positions pledged to that presidential candidate. All such delegate and alternate candidates shall be considered bona fide supporters of the presidential candidate whom they have pledged to support, unless the presidential candidate, or that candidate's authorized representative(s), signifies otherwise in writing to the State Party by a date certain as specified in the state's Delegate Selection Plan. 1. Presidential candidates shall certify in writing to the Democratic State Chair the name(s) of their authorized representative(s) by a date certain.

Rule 13.A: All candidates for delegate and alternate in caucuses, conventions, committees and on primary ballots shall be identified as to presidential preference or uncommitted status at all levels of a process which determines presidential preference. Candidates may state a preference for only one presidential candidate, including uncommitted at any time. In no case shall a candidate for delegate or alternate indicate more than one such presidential preference at each level.

Rule 13.B: All persons wishing to be elected to a district-level or at-large delegate position must file a statement of candidacy designating the presidential or uncommitted preference of the delegate candidate and a signed pledge of support for the presidential candidate (including uncommitted status) the person favors, if any, with the State Party by a date certain as specified in the state's Delegate Selection Plan. Persons wishing to be elected as pledged party leader and elected official delegates shall comply with Rule 10.B.(3).

Rule 13.D.(1): Prior to the selection of national convention delegates and alternates, the State Party shall convey to the presidential candidate, or that candidate's authorized representative(s), a list of all persons who have filed for delegate or alternate positions pledged to that presidential candidate. All such delegate and alternate candidates shall be considered bona fide supporters of the presidential candidate whom they have pledged to support, unless the presidential candidate, or that candidate's authorized representative(s), signifies otherwise in writing to the State Party by a date certain as specified in the state's Delegate Selection Plan. 1. Presidential candidates shall certify in writing to the Democratic State Chair the name(s) of their authorized representative(s) by a date certain

Rule 13.E: National convention delegate and alternate candidates removed from the list of bona fide supporters by a presidential candidate, or that candidate's authorized representative(s), may not be elected as a delegate or alternate at that level pledged to that presidential candidate. 1. Presidential candidates may not remove any candidate for a district-level delegate or alternate position from the list of bona fide supporters unless, at a minimum, three (3) names remain for every such position to which the presidential candidate is entitled. Provided, however, that in states where individual district-level delegates and alternates are voted upon on a primary ballot, the presidential candidate, or that candidate's authorized representative(s), may approve a number of delegate candidates or alternate candidates equal to or greater than the number of delegates or alternates allocated to the district. 2. Presidential candidates, in consultation with the State Party, may remove any candidate for at-large and pledged party leader and elected official delegate or alternate position from the list of bona fide supporters as long as, at a minimum, one (1) name remains for every national convention delegate or alternate position to which the presidential candidate is entitled, except that a state may provide in its delegate selection plan, if the plan is approved by the Rules and Bylaws Committee, that presidential candidates may remove any candidate for an at-large and party leader and elected official delegate or alternate position from the list of bona fide supporters as long as, at a minimum, two (2) names remain for every position to which the presidential candidate is entitled.

Rule 13.F: State parties shall ensure that state Delegate Selection Plans provide fair and adequate time for persons to file for delegate or alternate positions, and for presidential candidates, or their authorized representative(s), to review the list of persons who have filed, and to remove from that list persons not confirmed by the presidential candidate or his/her representative(s) as bona fide supporters of the presidential candidate.

Rule 13.H: A district-level delegate and alternate candidate may run for election only within the district in which he or she is registered to vote. For purposes of these rules, all delegates and alternates at any level of the delegate selection process must be bona fide Democrats (which shall include being registered as a Democrat in states that permit Democratic Party registration) who have the interests, welfare and success of the Democratic Party of the United States at heart, who subscribe to the substance, intent and principles of the Charter and the

Rule 13.I: No delegate at any level of the delegate selection process shall be mandated by law or Party rule to vote contrary to that person's presidential choice as expressed at the time the delegate is elected

Rule 13.J: Delegates elected to the national convention pledged to a presidential candidate shall in all good conscience reflect the sentiments of those who elected them.

Rule 14.A: Delegates shall be allocated in a fashion that fairly reflects the expressed presidential preference or uncommitted status of the primary voters or, if there is no binding primary, the convention and/or caucus participants.

Rule 14.B: States shall allocate district-level delegates and alternates in proportion to the percentage of the primary or caucus vote won in that district by each preference, except that preferences falling below a fifteen percent (15%) threshold shall not be awarded any delegates. Subject to section F. of this rule, no state shall have a threshold above or below fifteen percent (15%). States which use a caucus/convention system, shall specify in their Delegate Selection Plans the caucus level at which such percentages shall be determined.

Rule 14.D: District-level delegates and alternates shall be allocated according to the following procedures: Step 1: Tabulate the percentage of the vote that each presidential preference (including uncommitted status) receives in the congressional district to three decimals. Step 2: Retabulate the percentage of the vote to three decimals, received by each presidential preference excluding the votes of presidential preferences whose percentage in Step 1 falls below 15%. Step 3: Multiply the number of delegates to be allocated by the percentage received by each presidential preference. Step 4: Delegates shall be allocated to each presidential preference based on the whole numbers which result from the multiplication in Step 3. Step 5: Remaining delegates, if any, shall be awarded in order of the highest fractional remainders in Step 3.

Rule 14.E: At-large and pledged party leader and elected official delegate and alternate positions shall be allocated to presidential preferences by reference to primary or convention votes or to the division of preference among district-level delegates or alternates, as the case may be, as specified in Rule 11.C., except that a preference falling below a threshold of fifteen percent (15%) shall not be awarded any delegates or alternates at this level. Such delegates and alternates in primary states shall be allocated to presidential preference (including uncommitted status) according to the statewide primary vote.

Rule 14.F: In all situations where no preference reaches the applicable threshold, the threshold shall be half the percentage of the vote received at each level of the delegate selection process by the front-runner.

Rule 15.F: No candidate for delegate or alternate shall be required to file a statement of candidacy or a pledge of support as required by Rule 13.B. prior to 30 days before such delegate or alternate candidate is to be selected or elected in a primary, caucus or pre-primary caucus; provided, however, that in states holding a presidential primary where individual district-level delegates or alternates are to be voted upon on the ballot, no candidate for delegate or alternate shall be required to submit or file a statement of candidacy or a pledge of support prior to 90 days before the date on which they are to be voted upon.

Rule 15.G: No candidate for at-large or pledged party leader and elected official delegate or alternate shall be required to file a statement of candidacy or a pledge of support required by Rule 13.B. prior to 30 days before the date when the delegate or alternate is to be selected or voted upon.

Rule 16: No less than forty percent (40%) of the members of any Party body above the first level of the delegate selection process shall constitute a quorum for any business pertaining to the selection of convention delegates.

Rule 17: To insure full participation in the delegate selection process, State Party rules may, at their discretion, provide for proxy voting. Such rules shall allow an accredited participant in a caucus, convention or committee meeting, after having established credentials, to register the non-transferable proxy with another duly accredited participant at that meeting (except where an accredited alternate is present and eligible to serve as a replacement). Unless otherwise specified, a proxy shall be deemed to be general and uninstructed. No such rule shall allow a person to hold more than one (1) proxy at a time.

Rule 18.A: The unit rule, or any rule or practice whereby all members of a Party unit or delegation may be required to cast their votes in accordance with the will of a majority of the body, shall not be used at any stage of the delegate selection process

Rule 18.B: Any individual or group of Democrats may sponsor or endorse a slate of candidates for convention delegates. But no slate may, by virtue of such endorsement, receive a preferential place on a delegate selection ballot or be publicly identified on the ballot as the official Democratic Party organization slate, and all slates must meet identical qualifying requirements for appearing on a ballot at all levels of the delegate selection process.

Rule 19.B: If a given presidential preference is entitled to one or more delegate positions in a state but would not otherwise be entitled to an alternate position, that preference shall be allotted one at-large alternate position.

Rule 19.D: Each state Delegate Selection Plan shall specifically provide how and under what conditions an alternate is to replace or act in lieu of (collectively referred to as “replace” or “replaces”) a delegate. 1. Delegate Selection Plans may specify one or any combination of the following alternatives for permanent and temporary replacements: a. The delegate chooses the alternate; b. The delegation chooses the alternate; c. The alternate who receives the highest number of votes; or d. Such other process as protects the interests of presidential candidates, delegates and alternates.

Rule 21: A. Jurisdictional Challenges. Any challenges to a State Party organization in respect to its status as the body entitled to sponsor a delegation from that state must be presented to the DNC at any time up to thirty (30) days prior to the initiation of the state’s delegate selection process. Such a challenge must be brought by at least fifteen (15) Democrats from the state. B. Submission, Non-Implementation and Violation Challenges. Failure to submit or implement an approved Affirmative Action Program and Outreach and Inclusion Program by the deadline specified in these rules shall constitute grounds for a challenge with the burden of proof on the challenged party.

Press Plan Overview

Purpose

To prepare and execute a 2020 caucus that is accessible for all Nevadans. This plan lays out our efforts to reach Democrats across various communities to educate and engage with caucus goers.

We plan to travel across the state to train Nevada Democrats on the caucus process. Press materials for diverse media outlets, including letters to the editor from our Caucus Community Engagement Committee Members, will help ensure our Latino, AAPI, and African American communities understand the caucus process and have the information they

need to participate. We will also utilize various social media platforms to reach younger voters who rely primarily on these platforms for their information and news.

DISTRICT LEVEL DELEGATE FILING FORM 2020 Democratic National Convention

SUMMARY OF DELEGATE SELECTION RULES & DELEGATE FILING REQUIREMENTS

Nevada is allocated 23 district-level delegates and 2 district-level alternates. Per Reg. 4.31 Nevada has chosen to split its alternate delegates between District-level and At-large.

District-level delegates and alternates shall be elected through a proportional representation system based on a three-tier caucus system with the first determining step occurring on February 22, 2020 at precinct meetings in each county of Nevada at locations determined by

the State Party.

If a Nevada Democrat would like to be a delegate to the national convention, they must participate on Caucus Day, February 22, 2020, or participate in either the virtual caucus or early vote period and attend their County Convention, and the Nevada State Democratic Party State Convention.

**NEVADA STATE DELEGATE SELECTION PLAN DRAFT
SUBJECT TO REVISION**

A district-level delegate and alternate candidate may run for election only within the district in which they are registered to vote.

An individual can qualify as a candidate for district-level delegate or alternate to the 2020 Democratic National Convention by filing a statement of candidacy designating their singular presidential preference and a signed pledge of support for the presidential candidate with the State Party by 10:00 am on May 29, 2020. Statements of candidacy may be presented in person, by

mail, be email, or by fax to the Nevada State Democratic Party, 2320 Paseo Del Prado Suite B107, Las Vegas, NV 89102. Faxes directed to 702-735-2700. Emails directed to filing@nvdems.com. A delegate or alternate candidate may modify their singular presidential preference by submitting an updated pledge of support no later than the filing deadline. All candidates considered for district-level alternate positions must meet the same requirements as candidates for district-level delegate positions. Candidates who were not chosen at the delegate level may be considered at the alternate level.

PLEO/AT-LARGE/ALTERNATE FILING FORM 2020 Democratic National Convention

SUMMARY OF DELEGATE SELECTION RULES & DELEGATE FILING REQUIREMENTS

PLEO and At-Large Delegate and Alternate positions will be allocated to presidential candidates to fairly reflect the expressed presidential preference of caucus participants statewide. The selection of PLEO delegates will occur on May 30, 2020 at the State Convention.

Individuals shall be eligible for the pledged Party Leader and Elected Official delegate positions according to the following priority: big city mayors and state-wide elected officials (to be given equal consideration); state legislative leaders, state legislators, and other state, county and local elected officials and party leaders. Automatic delegates who choose to run for PLEO delegate will be given equal consideration with big city mayors and state-wide elected officials.

An individual can qualify as a candidate for a position as a pledged PLEO delegate by filing a statement of candidacy and statement of presidential preference for a singular candidate with the State Party by 10:00 a.m., May 29, 2020.

The presidential preference of a candidate for PLEO delegate may be modified by submitting an updated statement of candidacy before the deadline. Because this deadline is prior to the election of district-level delegates, candidates may indicate their intent to run in any combination of delegate categories: district-level, pledged PLEO, or at-large. Any pledged PLEO eligible candidate elected at the district-level will become ineligible to run in additional categories. If a pledged

Public Comment

First Name	Last Name	Comment
John	Vogelsang	Much better plan. The 2016 caucus was an absolute nightmare
Ray	Johnson	Please get rid of the caucus in the state. Let everyone participate by using mail-in ballots to and from all registered Democrats in the state. Look to Oregon for more info and participation rates. Great system!
Kendall	Hardin	Still feel the primary, rather than a caucus, is more representative and efficient. How will delegates be chosen in this "virtual" aspect of the caucus? Moreover, caucuses take up people's valuable time, as opposed to voting. I regret having to participate in caucuses - the last two were horrible experiences. Very inefficient.

Brady	Sambrano	Nevada should get rid of the caucus and move to a primary. A caucus is inherently discriminatory against working class people. Last year, I had two democrats who wanted to participate in the nomination process but could not because they had work on the day of the caucus. While I understand why a caucus is seen as a means of promoting discussion, the reality is that a caucus system is preventing democrats from participating. While I am happy to see changes being made that make the caucus more open for voters who work or do not have time to sit at caucus location for 4 hours (like last year when one of our voters stayed for over 2 hours before having to leave to go to work), a simple primary with early voting would be the best means of increasing voter turnout.
Sheldon	Holzman	I suggest and support having a primary election and eliminate the caucuses!
Suzanne	Fox	1.) The caucus is a colossal waste of time. Nevada should have a primary. 2.) Primary voting should be on the same day nationwide, and polls should close at the same time, adjusted for the time difference. Likewise, all voting results should be released at the same time. No state should have an advantage.
Ji	Mayo	How do become delicate?
Christian	Gerlach	I find it very discriminatory for people who have to work or people who have limited capacity to be out in public for them to have to suffer through a very long caucus process. We should move to a primary vote like there is in other states. Caucuses are incredibly inequitable ways of deciding elections. Furthermore after witnessing the flower play during the last presidential election cycle, I feel that a primary vote would make it impossible for the state democratic party to engage in foul play like it did last time. Please consider moving to a primary vote I will be starting a petition immediately asking the same.
John	de Golia	I like the proposals to drop off voting cards ahead of the caucus date, and to allow online voting. This avoids having to do to the caucuses, which are otherwise a HUGE waste of time, disorganized, and undemocratic. Had you not made these changes, I likely would not be participating after my experiences in 2012 and 2016. I favor a primary election for president, but these rule changes make a bad thing bearable for now.

Vickie	Rock	The party needs to specifically define what documentation needs to be presented to verify that they are a resident of the county in which they wish to participate. It should be no different than what would be required by the Registrar of Voters. Those of us in rural counties don't have johnny-on-the-spot capabilities to verify their residency and thus eligibility. How will they assure us that the "virtual" caucuses can't be gamed to allow ineligible participants to skew the vote?
Fred	Elliott	What is SCC? You send out a 53 page document and expect folks to read through it and understand. Get real and start governing as if you wallet didn't depend on it.
Dale	Quale	Who, how and when were the caucus rules changed? Trust factor is on the Party after 2016. Prove it. I want to be a Caucus Chair, more info re that, please.

Steven	Parry	<p>I think the plan could work. However, there are a few problems I see.</p> <ol style="list-style-type: none"> 1. For early voting, there HAS to be early voting locations on college campuses in order for the party to get the youth vote. 2. In the delegate selection process, what would happen if a Non-Binary person gets to be a delegate? The proposed M-F ratio I feel is discriminatory by its very nature as it continues the trend of sticking to the scientifically debunked Gender Binary system. 3. I feel that the numbers of the LGBTQ+ Community in the representation goals are a bit low. Current projections indicate that here in the state of Nevada, the LGBTQ+ Community comprises of approximately 1/4 of the state, not 7% as this work shows. Gallup does a good job in gathering numbers, but it is proven that these numbers run consistently low due to several factors like fear of being outed, etc. <p>Overall, I approve of this plan.</p>
Michael	Greedy	<p>Page Numbering</p> <p>We need some consideration to page number. Correct page numbering will allow the commenters to use a consistent method for referencing.</p> <p>The draft Delegate Selection Plan is a .pdf document. The page numbers at the top of the screen are .pdf page numbers. Some of the pages have numbers which DO NOT correspond with the .pdf numbers.</p> <p>This document should be like a book. Insert a blank page after the cover sheet. This will force the table of contents to begin on right with an odd number. The text will then begin on another right-hand page with an odd number. If the table of contents changes, then other blank pages might be need.</p> <p>The pages with numbers appear to be hard-wired. I do not know what software is being use, but it would be better to insert coding to automatically number the pages. The table of contents traditionally is number as i, ii, etc. It still maybe possible to insert automatic page numbering.</p> <p>Respectfully, Michael Greedy</p>

Michael	Greedy	<p>Careful Usage The table on .pdf page 51 has the term “ State Party Committee”. This apparently is the “(Nevada) State Central Committee.” The term “State Party Committee” can mean any committee in the Nevada state party. The document needs a careful review to carefully completely identify each committee.</p> <p>.pdf page 52 There are too many “filings” listed on May 20 which also is the state convention date. This is not practical. The documents are to be used at the convention. These deadlines should require that the documents be in-hand at least one day before the convention is convened.</p> <p>.pdf page 51 May 30, 2018 should be May 30, 2020.</p> <p>.pdf page 45 The date November 1, 2020, apparently is incorrect.</p> <p>Add the year to every date</p> <p>.pdf page 19 Why do CD2 and CD4 have NO alternate delegates? Why are there so few alternate delegates? Only 2 alternates for 23 delegates is a high risk for filling alternate delegates.</p> <p>.pdf page 18 The county conventions allow for alternates equal to 50% of the delegates. Compare this with the national convention.</p> <p>.pdf page 15 I could not find the cited material: “NRS 293. 133 (See Appendix A)”.</p> <p>.pdf page 4 Insert the 28 April 2019 STATE Central Committee date.</p> <p>Ranked Choice Voting The text implies Ranked Choice voting for early voting and virtual caucus but does not use the term. Use the term “Ranked Choice Voting”. The text implies only two choices may be made. This likely</p>

		<p>will not be sufficient given the number of possible presidential hopefuls. I recommend up to five choices.</p>

Michael	Greedy	<p>.pdf page 15</p> <p>Calculating the ratios for COUNTY convention delegates is referred to by a citation: “NRS 293. 133 (See Appendix A)” Below is NRS 293.133. Michael	Greedy	<p>.pdf page 6 The sentence below is nonsense: Precinct caucus participants presidential preference card and will have the opportunity for realignment if their preference choice does not meet the viability threshold.</p> <p>.pdf page 7 DO NOT use the term “caucus math” which is misleading. The calculation is a simple proportional representation.</p> <p>The formula below does not include the early vote and virtual caucus votes. See the immediately preceding text. It also is confusing and can be simplified. (# of members within a presidential preference group) x (# of delegates elected from that precinct caucus) [underline denotes numerator] (Total number of eligible precinct caucus attendees)[denominator]</p> <p>(number in preference group)[numerator]/(total number of preferences)[denominator] times (number of delegates)</p> <p>.pdf page 7 The sentence below conflates “determined” and “reporting”. “Reporting” is not “determining”. These results will be determined at the caucus by the permanent chair using a secure reporting method.</p>
Michael	Greedy	<p>This menu should ask for "county" rather than "city". "City" is meaningless for most of Nevada. The STATE central committee is organized by county.</p> <p>I use a text program to write my comments. I use some simple editing, such as italics. HOWEVER, almost all the editing disappears when copied into this form. Can we this be fixed?</p> <p>Michael</p>
Leslie	Sexton	<p>I do not understand the "viability" language with respect to the "plus the raw number of early and virtual caucus participants."</p>

Edward and Lois	Denaut	<p>I attempted to read the Caucus Plan. It seemed very confusing. My husband, Edward Denaut, is a Precinct Captain and I am a Delegate for Precinct 7564 in Boulder City, Nevada 89005. The most important thing that can be done is making sure that every Democrat living in Nevada is registered to vote! Also, that simply written invitations be mailed to every currently registered Democrat of the time and date or dates of the Democratic Caucus. A lot of older people (Senior Citizens) don't go online or don't own a computer! They do read their mail usually. Also, phone banking to every registered Democrat in Nevada is needed. Advertising in advance, about three months; a month away; and a week away from the Caucus date or dates would be extremely helpful in getting a good turnout from all registered Democrats living in Nevada; in the Caucus process! I believe that all Nevada Democrats want a different President in 2020! But, we Democrats need to mobilize everyone-Senior Citizens; Disabled Adults; Students; families; single people, etc. The more registered Democrats that get involved in the Caucus Process, the better representation Nevada will have in the upcoming Presidential Election Process!</p> <p>1321 Hazelwood Street, Boulder City, NV 89005 Edward J. Conda	Hop	<p>There is a large population in Southern Nevada, Las Vegas, who have been previously incarcerated and have been given a second chance. Most of this population are unaware of their rights and don't utilize their rights. There needs to be more inclusion of this growing population of people. With this current administration there will be more people to replace those who were released.</p>

Since it is only held on one day many, many people are excluded. Voting is easier. I knew several people because of age or illness unable to attend and they were extremely upset. All have since died. They really wanted to have their voices and ballot count. The Dems can do better.

James	Klein	We as a nation are in dire need of fundamental campaign finance reform measures. Numerous pressing issues (climate change, food labeling, gun safety, immigration reform, prison reform, education reform, short-term lending regulation, healthcare reform, banking regulation, opioid regulation) remain vexing problems primarily due to corporations' ability to curry favor with elected officials. The corrupting influence of money in our political system is undermining our democratic traditions and discouraging Americans from voting and/or running for office. This ominous development may well end our experiment in representative democracy unless we alter this decades-long trend. For the sake of the republic, we must amend the US Constitution to state that corporations are not

		people (and do not have constitutional rights) and money is not speech (and thus can be regulated by state and/or federal campaign finance laws). Short of accomplishing this, no other reform of significance will be achieved. The moneyed interests will turn any reform to their benefit, often at the expense of the nation as a whole.

Angie	Morelli	<p>Summary of Our Improvement on the Nevada Delegate Selection Plan for 2020</p> <p>In 2016, perceptions of bias and unfairness in the Democratic party nominating process led to unprecedented divisions and discord within the party. Millions of people who had just entered the political process not only had the deal with the disappointment of a loss but had to deal with the possibility of being cheated out of a win.</p> <p>Regardless of whether there was any wrongdoing, the absence of transparency and failure to avoid any appearance of impropriety led to contentious disagreements with the process and an absence of faith in the integrity of the results.</p> <p>As one of the first four nominating contests, there will be a spotlight on Nevada, and it will be important to show that Nevada has learned from past mistakes. We need to add transparency and organization to this process, along with a real way to audit the results if there seems to be something wrong. If the Nevada caucus and convention had been organized and transparent, the concerns about unfairness would never have gained traction, and the deep divide between supporters of the two candidates would have been healed prior to the election.</p> <p>In order to achieve goals of the Democratic party to safeguard the rights of women and minorities, to ensure access to healthcare for all, and reduce the influence of money on our political system, Democrats will need to turn out every like-minded voter, and unify the party under one tent. It is inevitable that the supporters of some candidates will be unhappy that their candidate does not win the nomination, however if we can improve the process to eliminate loopholes that could be abused, and to eliminate policies creating the perception of bias and unfairness, then the results of the nomination will not divide the party, and we can go into the general election united.</p> <p>Below is a summary of changes that we believe will improve the Nevada Delegate Selection Plan by instilling transparency and impartiality into the system. At the end of every petition we have a link to the actual language of the sections in question, the problems, solutions and proposed amended language (along with any other addendums of significance).</p> <p>We ran this list through several lawyers, experts and key Nevada Democrats to make this the most inclusive, fair, accurate and thorough plan we could. While reviewing please keep in mind, we are ONLY commenting on the Delegate Selection Plan. Subsequent</p>
-------	---------	---

		<p>convention rules and other documents will be reviewed once they are released.</p> <p>We are not saying these are ALL of the problems, we are saying that these are the problems we think are the most important to focus on, with the most attainable solutions. Certain problems we just can't do anything about at this point, so we are focusing on what we can.</p> <p>We wish to work proactively with the state party to make Nevada's nomination contest the best it can be. We hope that the party sees the value of these additions and implements them immediately to unify and strengthen the party. We want a party that is truly "democratic" at its core and supports and invites the well-meaning contributions by anyone working for the betterment of the party and the country.</p> <p>#1 Voice Vote Challenges</p> <p>In the 2016 Convention, the subjectivity of a close voice vote became a major source of contention. To avoid that, we are asking that if a voice vote on any measure at a convention is too close to call, it can be challenged by a motion from the floor (by a campaign or delegate community representative approved by a campaign), and will then be decided by a standing division of the house, performing a count of yays and nays. Votes on important issues should not be decided solely by the subjective interpretation of one person.</p> <p>#2 Protecting the Integrity of Same Day Registration</p> <p>On caucus day 2016, traffic from same-day registration applications caused the Secretary of State's (SOS) website to crash, forcing site leads to turn to paper registration forms.</p> <p>Unlike when voting in an election, there was no system to verify that those registering were who they purported to be. No election system in the world relies upon optimism alone to avoid voter fraud. While general elections already have an effective system to ensure accuracy, unless the people taking the registration are fully trained in registration rules, the caucus system does not have a single means to ensure a same day registrant is who they say they are, or that they live in the district that they say, or that they are eligible to register at all. Hundreds of the same day registrations</p>
--	--	--

		<p>from the 2016 caucus were invalidated after the fact, all of whom presumably voted in the caucus, and hundreds more who were likely legitimate voters were unable to participate in the conventions because their registration forms were lost or mishandled. All of this occurred because the volunteers at the sites taking registrations were not qualified to take on the responsibility of handling this volume of voter registrations. For this reason, it is essential to have same-day registrations performed only by licensed field registrars, who are familiar with all Nevada laws and processes for accurate and legal voter registration.</p> <p>We propose resolving this issue by requiring a licensed field registrar to handle registering voters at any site accepting same day registrations. Field registrars are fully trained in the laws and rules relating to voter registration.</p> <p>.</p> <p>#3 Fair and Equal Campaign Notification</p> <p>It was found in 2016 that only one campaign was being given crucial information about the convention process. When this was discovered, a credentials committee member shared that information with the other campaign and was subsequently removed from her position. Events like this create a perception of unfairness, and directly contribute to an impression of bias, leading to schism within the party.</p> <p>Not providing critical information to all campaigns involved in the convention process is a process in conflict with best practices and transparent elections and we request additional assurance in our NDSP this will not happen again, and all campaigns will receive equal communication.</p> <p>#4 Give the District Level Voters at Least 50% of the Delegates</p> <p>In Nevada we break down our delegate counts as follows:</p> <p>2016 2020 Type Delegates Alternates Delegates Alternates District Level 23 2 23 2</p>
--	--	---

		<p>At-Large 7 1 8 1 Pledged PLEOs 5 5 UnPledged PLEOs 8 12 Total 43 48</p> <p>In 1984 when superdelegates were first introduced, they were supposed to be capped so that “Party Leaders and Officials” only have 15% of the vote. In Nevada for 2020, they are currently taking up 35% of our delegation (25% in national delegates alone, when the national average is almost 10% lower).</p> <p>With only 23 delegates going toward the general population, that’s less than 50% of Nevada’s delegates being truly democratically elected.</p> <p>Nevada got an additional national delegate in 2020 and NV Dems gave this national delegate to the At-Large caucus, which is already overly represented in the Delegate Selection Plan. With the introduction of early caucusing and virtual caucuses allowing people who are unavailable on caucus day to participate, the number of participants in the at-large caucuses is likely to drop significantly. With that group shrinking, it makes far more sense to give the additional delegate to the voters, rather than increase the representation of a group that is shrinking. This change would give the Delegate Level (general public) voters, 50% of the delegates.</p> <p>This additional delegate should be placed into District 1, as District 1 is currently underrepresented. We firmly believe that our Nevada Democratic Party should be at least 50% truly democratic.</p> <p>#5 Problems With Site Leads, Precinct Verification and Delegate Lists</p> <p>One site lead is put in charge of dozens of precincts. These site leads (and temporary chairs) are not paid, not tested, stretched thin and generally vocal supporters of one candidate. Not to mention, especially for site leads, the burden and pressures we are placing on ‘volunteers’ is unrealistic. Volunteers are a valued and essential resource for conducting the caucuses, but the problems in the 2016 caucuses proved that we need at least one person on each major site that has proven competency with the rules and processes. Allowing thousands of votes to be mis-allocated because one site lead didn’t pay attention to their training is unacceptable.</p>
--	--	---

		<p>In 2016, there were multiple reports of bias, ineptitude and the hotline number was inaccessible for the majority of the time of the caucus, leaving issues unresolved and the caucus results in question. Incorrect delegate math and procedural challenges at the precinct level also went unresolved.</p> <p>Without any auditing system or oversight, there was no way to contest very serious claims of errors in tabulation, voter registrations that were kicked back as invalid, or losses of elected delegate data for entire precincts.</p> <p>This led to campaigns not being given crucial delegate data for weeks after the caucus, and some data was never recovered. Which led to the Clark County Convention needing to be opened to all Democrats to fill delegate positions (which caused further issues at the state convention).</p> <p>We propose that each caucus-goer's preference card be uniquely numbered, and kept until the County Conventions, and if irregularities put the results from any precinct in question, the preference cards will be able to verify results.</p> <p>In addition, all site leads should be paid staff, required to undergo more thorough training than that given to volunteers, and required to pass a competency test on the essential caucus rules and processes, and each site containing more than five (5) precincts be required to have a trained legal consultant on site to resolve issues relating to interpretation of rules or laws. Finally, the state party must establish an auditing committee to resolve disputes or questions related to calculating caucus results.</p> <p>#6 Concerns with the Virtual Caucus</p> <p>The 2016 Nevada caucus was marred by huge delays, vast numbers of lost records, and horrible disorganization. Coming from this past, the state party is adding two new highly complex systems to the caucus process, neither of which have ever been attempted in any caucus state in the country. It is hard to imagine how Nevada will handle a virtual caucus, an early caucus, at-large caucuses, and the standard caucuses, all with same-day registration, in a system that last time, didn't even have a paper record. In questioning the party about how the virtual system will be implemented, the answer to</p>
--	--	---

	<p>nearly every question has been essentially “we don’t know, we’ll figure it out later.” While implementing a virtual caucus would be a great accomplishment if implemented effectively, approving virtual caucusing now, when no one has the slightest idea how to implement it, is patently ridiculous. We propose removing virtual caucus from the DSP, and proposing it as a plan amendment once there are enough details to effectively judge if it’s a viable plan.</p> <p>#7 Precinct Locations Locked in by February 14th, 2020</p> <p>In 2016 thousands of volunteers went and knocked on their neighbors’ doors to tell them when and where to caucus, so that voters would have the essential information to have their vote counted. However many caucus locations were changed less than 48 hours before voting, with notification from the state only going to the campaigns to disseminate to change to voters. This required a massive, last minute volunteer effort of resending volunteers to the thousands of homes, on two weeknights, and likely resulted in a large number of voters being sent to the wrong voting location as a result.</p> <p>Once these neighbors got to their sites, registration was delayed because in a large number of locations, no one had the wi-fi passwords, wi-fi wasn’t working on the weekend, or doors were locked to rooms we should have been caucusing in, with no way to contact key holders, and no way for campaigns to reach out to site-leads about any problems in the days leading up to the caucus.</p> <p>We propose that precinct locations should be locked in by February 14th, with no location changes allowed after that date. In addition, every campaign should be provided with the name, cell phone number and email address of every site lead, key holder on duty, and IT administrator for each site, at least 72 hours in advance of the caucus.</p> <p>#8 No Voting Before Everyone Can Register</p> <p>The DSP states that at either 10:00am or when 40% of registered delegates are present, the party may start to conduct businesses (taking votes and giving out crucial information). Convention registration does not end till noon. It should be common sense that</p>
--	--

		<p>taking votes with less than half the attendees present is improper. Essential party business should not start till after registration is completed.</p> <p>#9 Impartial Credentials and Teller Committee Appointments</p> <p>The committees who decide who is eligible to participate in the caucus and conventions, and those who are responsible for counting votes must be made up of unbiased individuals. These positions should not be simply appointed without oversight. We propose that each campaign be given three vetoes that they may use on any committee member that they do not consider sufficiently impartial.</p> <p>#10 No Electioneering in Caucus Opening Remarks</p> <p>In 2016, before the Caucuses split from the registration rooms to their respective precincts, Site Leads were directed to read letters from party leaders that were openly advocating for voters to vote for a specific candidate. This is called “electioneering”.</p> <p>According to NRS 293.361, electioneering at a voting site is illegal (not to mention obviously just wrong). If party leaders wish to use the caucus to address voters, they must do so without advocating for any candidate.</p> <p>PETITION FOR CHANGES TO THE 2020 DELEGATE SELECTION PLAN</p> <p>The undersigned members of the Nevada Democratic party are concerned that the proposed Nevada delegate selection plan for 2020 does not address the problems that made Nevada’s voting issues national news in 2016. In hopes of proactively improving the system and ensuring a civil and impartial nominating contest, we propose the following changes to the proposed Nevada Delegate Selection Plan. Proposed changed language is in italics.</p> <p>#1 Voice Vote Challenges</p>
--	--	--

		<p>IN PRACTICE: A voice vote is used to determine the outcome of convention votes. If it's too close to call, the party chair may call a standing division of the house.</p> <p>PROBLEM: At the 2016 State convention many voice votes were, at the very least, too close to call with a voice vote. The party chair even publicly admitted that in one voice vote, she called the result against the louder vote. Despite the fact that calling a close voice vote is essentially subjective, this subjective determination by one person is the sole means for resolving nearly all votes at the convention. The decision to resolve a questionable voice vote by a standing division of the house vote lies entirely on the judgement of the party chair, who in 2016, did not elect to resolve any of the disputed voice votes with a division of the house, leading to disputes about the legitimacy of the convention. Party harmony depends upon avoiding even the appearance of impropriety.</p> <p>SOLUTION: In any voice vote in which the representative of a campaign believes the outcome is too close to call, the authorized delegate community representative of any campaign may raise a motion from the floor to resolve the vote by a standing division of the house.</p> <p>PROPOSED ADDITION TO NDSP:</p> <p>VII.</p> <p>P. All votes taken at any county or state convention by voice vote may be contested by an authorized representative of any campaign by raising a motion from the floor. Such a motion by an authorized campaign representative is required to be recognized by the chair. Upon such contest, the vote must be determined by a standing division of the house. Such a challenge must be raised within five (5) minutes of the announcement of the result of the voice vote.</p> <p>#2</p> <p>Protecting the Integrity of Same Day Registration</p> <p>NDSP Section 1, C, 4, d</p> <p>"The Party will have same-day voter registration, including party affiliation changes, during the precinct caucuses and early voting period. (Rule 2.I.2.d)"</p> <p>IN PRACTICE: On caucus day 2016, the Secretary of State's (SOS) website crashed from all the same day traffic forcing site leads to turn to paper registration forms filled out by unqualified persons.</p>
--	--	--

		<p>PROBLEM: Hundreds of voters caucused by filing registrations that were later invalidated, and hundreds more registered to vote at the caucus and were later unable to vote because their registrations were completed contrary to registration rules. The effect of this was to cause large numbers of newly registered Democrats to be unable to vote in the general election, and at the same time allowing large numbers of people who were determined not to have the right to vote in the caucus to cast caucus votes.</p> <p>SOLUTION: All same day registrations at caucus sites require the registration to be taken by a licensed field registrar, who is properly trained in Nevada registration laws and processes.</p> <p>PROPOSED ADDITION TO NDSP:</p> <p>Pg.4 I. C. 4.</p> <p>d. The Party will have same-day voter registration, including party affiliation changes, during the precinct caucuses and early voting period. (Rule 2.I.2.d). At each caucus site offering same-day registration, all such registrations shall be performed either by online registration through the Nevada Secretary of State, or by a duly appointed Nevada Field Registrar. No offline same-day registrations may be taken except by a Field Registrar.</p> <p>#3</p> <p>Fair and Equal Campaign Notification</p> <p>(Not currently included in NDSP, but was problematic at the Clark County Convention)</p> <p>IN PRACTICE: At the 2016 Clark County Convention, it was found that the Clinton campaign was being given critical updates on crucial details of the campaign from local party leadership, but the Sanders campaign was not being provided with the same updates.</p> <p>PROBLEM: This creates an obvious advantage for those getting the notifications, and disadvantage for campaigns that are not. This created a perception of unfairness, and directly contributed to the appearance of bias, leading to schism within the party.</p> <p>SOLUTION: ALL updates related to any part of the caucus to convention process should be pushed out to all campaigns equally.</p> <p>PROPOSED ADDITION TO NDSP:</p> <p>VII.</p>

	<p>O. All substantive communications from the State Party, or any local, city, or county subdivision thereof, to one or more campaigns, shall be copied to all campaigns equally.</p> <p>#4</p> <p>Give the District Level Voters at Least 50% of the Delegates</p> <p>The current breakdown of Nevada delegates: NDSP Page 18, 43, Section X, A:</p> <p>IN PRACTICE: The national party grants the number of delegates to each state, and the state parties have the authority to decide how many delegates the voters of their state are allotted.</p> <p>PROBLEM: The Democratic Party supports nationwide adoption of measures to eradicate the Electoral College and celebrate the</p>

		<p>popular vote, and reduction in the power of superdelegates, however Nevada’s proportion of superdelegates has increased, while the proportion of delegates representing regular caucus voters has decreased. The effect of this is that the regular district level delegates elected by actual precinct voters from Nevada’s caucuses make up less than 50% of Nevada’s delegates.</p> <p>2016 2020</p> <p>Type Delegates Alternates Delegates Alternates</p> <p>District Level 23 2 23 2</p> <p>At-Large 7 1 8 1</p> <p>Pledged PLEOs 5 5</p> <p>UnPledged PLEOs 8 12</p> <p>Total 43 48</p> <p>District Level- These are the delegates we get for voting on Caucus day. Thousands of volunteers spend thousands of hours for 80,000 Nevadans to show up on one day and essentially fight over 23 delegates.</p> <p>At-Large Delegates- At-large caucuses are huge sites on the strip to make it easier for Strip workers to participate. This was helpful in 2016, however early caucusing and virtual caucusing will make At-large caucuses largely redundant. In 2016 there were 7 delegates selected by At-large caucuses, but this year Nevada was given an extra delegate and the party gave it to At-Large instead of the District Level delegate count. With the numbers of participants in At-large caucuses expected to significantly reduce, it does not make sense to allocate a larger number of delegates to represent a smaller group of voters.</p> <p>Pledged PLEOs- These are 5 delegate positions that we “get to vote” on to see which Party Leader or Elected Official we are sending to the National Convention. They are pledged delegates but we are only allowed to select from a small list of Elected Officials.</p> <p>Unpledged PLEOs (aka superdelegates)- These 12 delegate positions (up from 8 in 2016) are automatic, unpledged, and also generally go to the establishment pick. These delegates do not vote unless there is a contested convention, which is almost a certainty with so many democratic candidates running.</p>
--	--	--

In 1984 when superdelegates were first introduced, they were supposed to be capped so that “Party Leaders and Officials” only have 15% of the vote. In Nevada for 2020, they are currently taking up 35% of our delegation (25% in national delegates alone, when the national average is almost 10% lower).

With only 23 delegates going toward the general population, that’s less than 50% of Nevada’s delegates being truly democratically elected.

Nevada got an additional national delegate in 2020 and NV Dems gave this national delegate to the At-Large caucus, which is already overly represented in the Delegate Selection Plan. With the introduction of early caucusing and virtual caucuses allowing people who are unavailable on caucus day to participate, the number of participants in the at-large caucuses is likely to drop significantly. With that group shrinking, it makes far more sense to give the additional delegate to the voters, rather than increase the representation of a group that is shrinking. This change would give the Delegate Level (general public) voters, 50% of the delegates.

This additional delegate should be placed into District 1, as District 1 is currently underrepresented.

We firmly believe that our Nevada Democratic Party should be at least 50% truly democratic.

SOLUTION: Assign the extra delegate given to Nevada this year to be a district-level delegate, representing the regular caucus voters, and ensuring that at least 50% of Nevada’s delegates are elected district level delegates.

PROPOSED ADDITIONS TO NDSP:
Pg.7 III. A. 1.

		<p>A. District-Level Delegates and Alternates</p> <p>1. Nevada is allocated 24 district-level delegates and 2 district-level alternates. Per Reg. 4.31 Nevada has chosen to split its alternate delegates between District-level and At-large. (Rule 8.C, Call I.B, I.I, Appendix B & Reg. 4.31)</p> <p>Pg.27 III. D. 1.</p> <p>D. At-Large Delegates and Alternates</p> <p>1. The state of Nevada is allotted 7 at-large delegates and 1 at-large alternate. (Rule 8.C, Call I.B, II, Appendix B & Reg. 4.34)</p> <p>#5</p> <p>Problems With Site Leads, Precinct Verification and Delegate Lists</p> <p>Not currently a part of the NDSP but needs to be</p> <p>IN PRACTICE: The caucus is run 100% by volunteers who have little training and are going to make mistakes that could cost a candidate the election. In 2016 this led to caucus math being incorrect, contact information not being recorded properly, and in some cases, entire precincts' worth of delegate data being lost, with no means to recover it.</p> <p>PROBLEM: In 2016 there were multiple reports of bias, ineptitude and the hotline number was inaccessible for the majority of the time of the caucus, leaving issues unresolved and the caucus results in question. Incorrect delegate math and procedural challenges at the precinct level also went unresolved. In addition, campaigns didn't get complete delegate data until a month after the caucus, and the information from several sites was irretrievably lost. This forced the Clark County Democratic Party to open up the county convention to anyone willing to fill in the delegate spots, which directly conflicts with several points in the current NDSP. Further, in any dispute about the actual results of the caucus, there was no means to verify the caucus results, or to correct results from caucuses that used incorrect delegate math.</p> <p>SOLUTION: Record all contact information on uniquely numbered presidential preference cards, assigned when voters check in. If there is data missing for a precinct, reviewers can refer to the presidential preference cards for audit. If the paper ballots can not be located, redo the caucus for that precinct via virtual caucus. Accurate delegate information needs to be reported to all campaigns within 7 days of the caucus.</p> <p>All site leads should be paid staff, required to undergo more thorough training than that given to volunteers, and required to</p>

		<p>pass a competency test on the essential caucus rules and processes, and each site containing more than five (5) precincts be required to have a trained legal consultant on site to resolve issues relating to interpretation of rules or laws. Finally, the state party must establish an auditing committee to resolve disputes or questions related to calculating caucus results.</p> <p>Further, to ensure the absence of any claims of impropriety, any campaign may request a precinct or site-level review of caucus results, or recanvass of district or state results by submitting a request to the Nevada Democratic Party Executive Board. Requests must include the scope of the desired recounts, a thorough description of the challenge, and an explanation how the national delegation could be altered as a result of the problem. Requests for precinct-level review must be received by the E-Board no later than February 24, 2020 at 12:00pm. The state party will respond to a request for precinct level review within 48 hours of receipt. 		<p>committee, and must be stored organized by precinct, until the date of the county conventions.</p> <p>#6 Concerns with the Virtual Caucus</p> <p>(NDSP III. A. 4.)</p> <p>[Multiple passages]</p> <p>IN PRACTICE: This has never been implemented before.</p> <p>PROBLEM: Successfully conducting a standard caucus has been a significant challenge for the Nevada Democratic Party in the past, as a caucus is an inherently difficult process to organize on a large scale. Virtual Caucuses have never been implemented before this election cycle anywhere in the country. There are a vast number of questions relating to how the caucuses would be run, what vendors would handle it, what type of technology voters would need to participate, how the system would be kept secure, and how to ensure that participants in virtual caucuses have their votes counted, while ensuring that participants are not allowed to vote twice. The state party has been unable to answer any questions at all regarding how these issues would be resolved or how the virtual system would be implemented. We have only been told that they will figure it out sometime in the future. It would be irresponsible to choose to approve a Delegate Selection Plan that includes a requirement to implement a virtual caucus, without first finding out if such a thing is reasonably feasible.</p> <p>SOLUTION: Remove language calling for a virtual caucus from the Delegate Selection Plan, and separately propose the virtual caucus at a time when there is sufficient information available to determine if it is reasonably feasible to hold a virtual caucus, and to do so with at least a minimal level of security and integrity.</p> <p>PROPOSED AMENDMENT TO NDSP: Deletion of every statement requiring a virtual caucus. And III. A. 4. The feasibility of holding virtual caucuses will be investigated, with a specific plan for implementation presented to the members of the Nevada State Democratic Party for input. If approved, the plan shall be implemented as presented. If not approved, virtual caucuses will not be held in the Nevada Democratic Caucus in 2020. In the case of a conflict between the terms of an approved virtual</p>

		<p>caucus plan and the virtual caucus terms contained in the DSP, the specific virtual caucus plan shall control.</p> <p>#7 Precinct Locations Locked in by February 14th, 2020</p> <p>Not currently included in NDSP</p> <p>IN PRACTICE: The party does not currently have a deadline to lock in precinct locations, and site leads nor campaigns had the necessary information about these sites, such as who holds keys to buildings and rooms and wi-fi passwords.</p> <p>PROBLEM: In 2016, many precinct locations were relocated less than 48 hours before the caucus, requiring the campaigns to scramble to knock on thousands of doors over two week nights just to give voters sufficient notice to participate in the caucus. Registration was delayed in many locations because wifi passwords were not available, and precinct caucuses were delayed because keys to classrooms were inaccessible, and sites had to wait for custodians to show up with keys, if they had the information to get ahold of them at all.</p> <p>SOLUTION: Ensure all precinct locations are absolutely locked in by February 14th, giving all campaigns a week, including a weekend, to ensure every democrat is notified of any changes. Ensure every campaign is given the name, cell phone number and email address of every site-lead, on duty key holder and IT administrator at every site at least 72 hours in advance of caucus day.</p> <p>PROPOSED ADDITION TO NDSP:</p> <p>VII. Q. The caucus locations for all precincts shall be locked and become unchangeable by February 14th 2020. No changes to precinct caucus locations may be made after that date without consent of all campaigns. Site representatives for each campaign shall be provided with the name, cell phone number and email address of every site lead, key holder on duty, and IT administrator for each site, at least 72 hours in advance of the caucus.</p> <p>#8 No Voting Before Everyone Can Register</p> <p>NDSP Page 32, Section VII, H</p>

		<p>“Forty Percent (40%) of the members of any Party body above the first level of the delegate selection process shall constitute a quorum for any business pertaining to the selection of National Convention delegates, alternates, standing committee members, and other official Convention participants. (Rule 16)”</p> <p>IN PRACTICE: Under the current rule, convention business can start, including votes on important issues, up to two hours before everyone has been registered for the convention.</p> <p>PROBLEM: Delegates that are still checking in because of long lines and lack of registration organization may miss important delegate business they were elected to be a part of, and votes can be taken with less than half of the delegates registered.</p> <p>SOLUTION: Do not start any essential party business until registration is completed.</p> <p>PROPOSED ADDITION TO NDSP:</p> <p>VII.</p> <p>H. Ceremonial business of the state or county conventions may begin at the discretion of the Chair, but no actions requiring a vote may occur prior to the close of registration. Close of registration being defined as the time when all persons waiting in line to register have had the opportunity to complete registration. (Rule 16)</p> <p>#9</p> <p>Impartial Credentials and Teller Committee Appointments</p> <p>Not currently a part of the NDSP but needs to be.</p> <p>IN PRACTICE: The Nevada State Democratic Party Chair appoints the members of the Credentials and Teller Committees.</p> <p>PROBLEM: These committees are responsible for the outcome of the election. If they are stocked full of supporters of one candidate, the decisions they make, and the outcome of the convention could be tainted by the appearance of bias.</p> <p>SOLUTION: Each campaign has up to three (3) vetoes that they may use to veto any member of the Tellers or Credentials Committees that they believe is not impartial.</p> <p>PROPOSED ADDITION TO NDSP:</p> <p>VII. R. To ensure balanced membership within the essential committees, appointment of members of the Credentials</p>

		<p>Committee, and Tellers Committee shall be subject to veto by any of the campaigns if that campaign is not confident in that person's impartiality. Each campaign has a total of three (3) vetoes to use. This number of vetoes is the total a campaign may use, not per committee.</p> <p>#10 No Electioneering in Caucus Opening Remarks</p> <p>NDSP Page 8, Section III, A, 12</p> <p>"The February 22, 2020 non-binding presidential preference caucus will open its doors for registration at 10:00 a.m. and be conducted in public venues and with limits on the amount of time allowed for candidate debates so that each caucus may be run efficiently and participants' time respected. Caucus registration shall remain open until 12:00 p.m., at which time the viability threshold will be determined. The precinct caucus will be called to order by its Temporary Chair at 12:00 p.m. At that time the Temporary Chair will announce the caucus rules and read greetings from the State Chair, and other Democratic party leadership."</p> <p>IN PRACTICE: Statements from party leaders are read before the Caucus sites break into their precincts.</p> <p>PROBLEM: In 2016, these statements extensively included blatant advocacy for one of the candidates, creating an impression that the party leadership was biased in favor of one candidate over the other.</p> <p>SOLUTION: Require that these statements may not mention or advocate for any candidate.</p> <p>PROPOSED ADDITION TO NDSP:</p> <p>12. 		<p>candidate, implicitly or explicitly. The first actionable order of business shall be the election of a Permanent Chair. Following the election of the Permanent Chair, a Secretary shall be elected. At 12:00 p.m. the Permanent Chair will determine viability based on the total number of eligible caucus attendees, combined with the participant totals of the early vote and virtual caucuses. The number of delegates assigned to that precinct under the Nevada Revised Statutes (NRS). The ratios and formulae used to calculate the number of delegates elected from each precinct to the next determining step follow NRS 293. 133 (See Appendix A).</p>

Lynne	Ballatore	From me and others I hear on the conference calls there are corrections suggested since the process started. Is there a corrected copy of the plan that I could look at?
GORDON	KNIGHT	<p>I am opposed to the changes. There are too many parts, separate parts that don't directly connect transparently, the votes are not happening all at once in the present, some votes will occur and then later other votes will occur, there is no easy way to prevent one person from having more than one vote. It's too complex for the volunteers to manage. For example, at the recent March 6 Clark County Central Committee, a volunteer had to check two list before my name could be signed off, and then I was given a card for a new member instead of a member card, and check in is as simple a task as can be found.</p> <p>Additionally, changing the caucus every time causes voters to learn the process all over again. Instead of remembering what, where, and how, they will have to learn all new tasks of what, where, and how, and with the three different methods the complication is three times as big.</p> <p>Furthermore, Bernie did not lose because he was cheated, he lost because he's not a Democrat, he's an Independent.</p>

Michael	Greedy	<p>Virtual Caucus Visiting Teams</p> <p>“</p> <p>The delegate selection plan should allow a local option for teams to visit retirement homes to assist resident Democrats with their virtual caucus. The homes will require Internet access or the team would bring a mobile Internet hot spot connection. The team would bring laptop computers for the residents to use. Two visits are necessary: a first visit for registering for the virtual caucus and a second visit for the virtual caucus itself.</p> <p>The team can verify the voter status for the residents.</p> <p>This plan will remove a barrier for using technology and remove a barrier for traveling to the caucus site.</p>
Willie	Carter	<p>Hi, Nevada State Democratic Party Chair, William McCurdy II: Just to say congratulation on becoming the Nevada Democratic Party Chair, we have much in common as I hope with God’s help to become the next President 2020, I will be spending time in the State of Nevada in the coming Months, and I hope to see you, again Congratulation.</p> <p>Willie Felix Carter Candidate for President United States of America 2020 www.williecarterforpresident.com</p>
Jake	Marko	<p>I would like to see the virtual caucus scrapped. We cannot ensure the integrity of the process if cybersecurity concerns are not met.</p>
Donna	Weidner	<p>In reviewing this information, my focus was more on the caucus process than delegate selection. I am supportive of the extended caucus process with 2 virtual dates, 4 early voting dates and then having the more extensive 1/2 day caucus for those who want the more encompassing caucus event. This plan, if communicated correctly, will better serve the needs of our population.</p> <p>Communication is going to be a huge part of whether it will ultimately be successful. The communication of this new process</p>

		<p>needs to be carefully thought out and transmitted. For instance, I do not believe that there was nearly enough said here about having a 1st and 2nd choice of presidential candidate. How will that work? Perhaps once the communication is developed, it could be tested out on a cross section of NV Democrats for understanding and input. The plan for encouraging youth access to the process as well as plans for outreach and inclusion are promising. In section VII General Provisions... I would like to see a mechanism for NV Democrats to be able to share comments or ideas with the state party on an ongoing basis. The Party seems so removed from those of us who are asked to support it. Therefore, I applaud this opportunity to speak out as a first step.</p>

Troy	Gearhardt	Let us just vote. Caucuses are horrible for people!!!
BARBARA	GODWIN	I am a new Democrat. This whole caucus thing is ridiculous.
Jonathan	Ruggiero	I like the steps that we are taking to make this caucus so much easier than the last time. It's important that we stick to what we're planning. Ultimately though, we need to transfer to a closed primary, hopefully by 2024. And also making an appeal to the national party that we should be first in the nation.
Fred	Elliott	Get rid of this foolish caucus system and go for anopen primary. Enough of the back room politics!!
Dale	Napier	What a mess! And in spite of disclaimers, is based in racism and sexism, just like in 2016. No thanks. I've been doing real caucuses since 1972, but I won't waste my time on this absurdly contorted process.
