Caucus Day Volunteer Delegate Application Memo

If you are serving as a volunteer with the Nevada State Democratic Party on Caucus Day, February 22nd, we are offering an alternative process through which you can attend your County Convention as a delegate. This is a helpful process for any volunteer that will be serving in a precinct or location other than their home precinct on Caucus Day.

Please read the following information before submitting your application.

1. In 2020, the delegates won by each candidate are locked on Caucus Day, February 22nd. This means that there is no process by which delegates won by each candidate on Caucus Day can increase or decrease at the County Convention or State Convention. County Convention delegates should attend their convention to take part in party business, to elect delegates to the state convention, and to vote on their county party platform.

2. When Caucus Day has concluded, the Nevada State Democratic Party will process all delegate and alternate election certificates. Once certificates have been processed, the NSDP will automatically fill remaining delegate positions to the county convention with eligible volunteers that have applied through the form below.

3. **In order to be eligible for placement, you must meet the following requirements:**
   a. You must volunteer with the Nevada State Democratic Party at a Caucus Location on February 22, 2020.
   b. You must vote early during the Early Vote Period from February 15, 2020 - February 18, 2020.

4. If this process is not preferable, please note that you may instead choose to participate in the traditional delegate nomination and election process:
   a. If you will be in your home precinct on Caucus Day, you may nominate yourself to be elected and participate in the election.
   b. If you will not be in your home precinct on Caucus Day, you may ask someone in your precinct to nominate you during the delegate election process.

Please apply by February 10, 2020 using this link:
