

Nevada State Democratic Party
2021 Executive Officer Elections

Ahmad Adé

Candidate for Secretary

Dear Central Committee Members,

My name is Ahmad Adé, and I'm running for Nevada State Democratic Party Secretary.

I have joined the Progressive Slate for selfish reasons. Because the policies we stand for impact me directly. I am a Medicaid recipient, so I can attest to how public healthcare is literally keeping me alive. I personally understand how much difference 2000.00 would make in my ability to remain housed. My daughter has just graduated from Southern University and is starting her professional career over 40k in debt and that does not include the additional burden she will incur from graduate school.

I have also joined the Progressive Slate for unselfish reasons. My Granddaughter is 10 years old and we are not sure what type of world she will inherit. What we do know is that we cannot sustain the jobs and energy policies that have gotten us to this point. We do know that climate change is real and is going to be catastrophic unless we make changes. We also know that this can provide unimaginable opportunities for our entire society.

We can renew and strengthen our infrastructure and create millions of jobs that can sustain our population for generations to come as we did with oil and gas.

In Solidarity,
Ahmad
